BAY ST. LOUIS, MISSISSIPPI 39520 THURSDAY, JANUARY 24, 1974

SINGLE COPY 10¢

Draft boards relocated

Colonel James L. Davis, state director of Selective Service, today stated that all of the local Selective Service boards throughout the state have now been completely collocated at their new sites.

Area Office No. 20, located in the Security Savings building, 2301 14th Street, Gulfport, serves Local Board No. 24, Hancock County; No. 25, Harrison County; No. 26, Harrison County; and No. 71, Stone County. The area office telephone number is 863-1325. The office is staffed by Mrs. Anne W. Bickerstaff, executive secretary and Mrs. Estelle W. Bowden, local board technician. It is open five days a week to handle the administrative work of Selective Service, which includes answering inquiries from registrants, parents, employers and the general public. As young men reach age 18, they may register at the Gulfport office.

Registration is carried on not only at the area office, but with the help of public officials, including schools within each county. Almost every public school within the area now has a volunteer registrar who is available to help inform young men about Selective Service and to register those who reach age 18. School officials register and inform young men in their schools. It is believed this has increased registration throughout the area.

Pass man unhurt by hit and run

A 63-year-old Pass Christian man escaped injury Saturday after he was struck by an unidentified car while riding his bicycle on North Street.

Domanick Joseph Alexander of Hope Lane was discovered about 2:05 a.m. lying in a ditch at North and Church Streets. Alexander told police that the car which hit him did not stop but left the scene at a high rate of speed.

Investigating officers said pieces of an automobile headlight were found scattered in the street.

Alexander's bicycle was inoperable.

Curry captured by Hancock deputy

Alert action by an off duty Hancock County deputy Tuesday afternoon resulted in the apprehension of a Slidell man who had been sought by police in a two-state area for the slaying of a Pearlman grocer during a holdup attempt last Aug. 31, 1973.

Bernard "Wild Man" Curry, 24, a male black who had eluded police successfully for over four months, was arrested by New Orleans police after being led by Hancock Deputy Willie Lee.

Public Grounds Dept. gets tree distribution

The Bay St. Louis Department of Public Grounds will distribute about 2,500 seedlings from 1 to 2:30 p.m. on Monday, Tuesday and Wednesday of next week at the old fire station on Ulman and Carroll avenues, according to Felix Seeger, superintendent of public grounds and sanitation.

The seedlings include bald cypress, slash pine, yellow poplar, live oak, Virginia pine and sweet gum. The trees were purchased from the state Forestry Commission by the city.

"Right now is the time to plant the trees because of the ideal weather and digging conditions," Seeger said.

Congressman Trent Lott

Country faces disaster from energy crisis

If the Arab oil embargo continues and the American people refuse to believe there is an energy crisis this country will face disaster, U.S. Rep. Trent Lott (R-Miss.) told the Pass Christian Chamber of Commerce Thursday night.

Speaking before 162 persons attending an installation dinner at the Pass Christian Yacht Club, Lott said that he hopes the country will not have to go to gas rationing but he feels that there is a 50-50 chance that rationing will be instituted.

He added that the American people are cynical about the energy crisis and it will be necessary for the leaders in Washington to find out how real the

(Staff photo by Adoree Shortle)
DON'T DO IT, SON would be good advice for the guy behind the gun which shot this hole in the Hancock sheriff's office Monday night. The bullet, fired from a rifle, pierced a window pane, venetian blind and two walls before lodging in the hall wall above, some four feet from Radio Dispatcher Robert Harvey. The incident is still under investigation by Sheriff Sylvan Lader.

Sheriff investigates

A shot in the dark

An investigation is underway by Hancock County Sheriff Sylvan Lader of a shooting incident at the sheriff's office Monday night.

Eight persons have been interrogated by the sheriff seeking identity of the person who shot into a window of the sheriff's office at 9 p.m. The shot, which was discharged from a rifle, Lader stated, penetrated two walls in the building behind the county court house, and lodged in the outside surface of the hall wall less than five feet from the radio operator on duty. A charge of shooting a deadly weapon with intent to

kill can be brought against the person responsible, Lader said, as well as destruction of property and malicious mischief. The shot came from the vicinity of Court St. on the west side of the building.

The only persons in the sheriff's department at the time of the shooting were Deputy dispatcher Robert Harvey and Auxiliary Deputy Leo Woods. Neither man was injured by the shot, although plaster shattered by the impact was scattered about the radio room and in the hall.

On a chance that this was Curry, Lee said that he tried to get to a phone at the Billups Service Station just outside of Pearlman when he stopped for gas, but was thwarted when Curry acted suspicious and kept his hand on the door handle.

Lee said that when they left the station, Curry asked him what his name was and he offered some fictitious name back. Lee said that he told Curry that he was going into the city to sell the cars for scrap to get money to fix up his truck, and that Curry offered to get him a motor for the truck.

When they got close to the salvage yard, Lee said that Curry told him his name and that he was on the run from police. Lee said that he let Curry out of the truck in front of some old shacks on Old Gentilly Road with the understanding that he would return after he sold the cars and had money to buy the motor from Curry. Lee said that he drove away a little and then turned around to see what house Curry went into before going to a telephone and calling Sheriff Lader.

Lader said that Lee called him collect around 4:30 p.m. and that his first thought was that the deputy was in some kind of trouble.

"Then he told me he had just been with 'Wild Man' Curry and asked me to call the New Orleans Police for him."

Burk and Mayor Carver bury the hatchet

Bay St. Louis mayor Warren Carver and William R. Burk, Jr., president of Burk & Associates, Inc., agreed to bury the hatchet Monday after Burk presented a lengthy six page answer to charges of questionable engineering ability made by the mayor in a Dec. 17 council meeting.

Burk, accompanied by his son, William R. Burk, III, a vice president in the company, and George C. Klempeter, associate, had requested the public meeting after newspaper accounts had first circulated containing the mayor's charges. At that time the mayor said that Burk had threatened him with possible legal action in conjunction with making detamatory

statements about the firm which Burk said were "irresponsible and unfounded."

Mention of legal action was passed over Monday, however. "We are here without any animosity," Burk said, "We do not hold a grudge." Burk said that his firm simply wanted equal time to answer what he said were unfounded rumors that often get started.

"This is simply a part of professional practices," he said. "Thank God it doesn't happen very often."

Carver's December statement attacked work done by Burk & Associates in two projects in Hancock and Harrison counties, and came on the heels of a 2-1 council vote to retain Burk

as engineers for the city to design and engineer three public works projects.

Carver charged specifically that work done by the firm on a drainage project at the Pass Christian Industrial Park was inadequate and failed to perform its designed purpose, and that topographic maps prepared later for the Jackson Ridge Park in Hancock County proved to be too sketchy and inaccurate.

In his reply Monday, Burk said that the area in question at Pass Christian Light Industrial Park hardly fit the description of a useless area since it presently supported two large and thriving local industries which were engaged in working on one of the biggest projects in the South — the New Orleans Dome Stadium.

In regard to work done at Jackson Ridge Park, Burk said that his firm was paid \$5,000 for a topographic property survey and \$15,000 for a master plan for development after a verbal agreement with Spencer E. Medlin, comptroller for the Mississippi State Parks System. A letter of confirmation, he said, was approved and counter signed by Jake Mills, chairman of the Board of Directors for the state park commission.

At no time was Burk & Associates ever given any indication of unsatisfactory performance, he said, and was even invited by John King, executive director of the state park commission to submit a later proposal for further services in connection with the same project.

"If Mr. King had unfavorable feelings about us why would he invite us back to do more work?" Burk asked.

In conclusion Burk said that his firm was very desirous of working with the city of Bay St. Louis.

"The only condition we would consider asking to be released from this contract is if we could not work with the city in an unprejudiced basis."

Carver then said he saw "no reason why I cannot work with your firm." Addressing the council he said "I have said all along that I could accept them unprejudiced."

A motion was then made by Carver and approved unanimously that the text of Burk's statement be made a part of the council minutes.

Pass police arrest two juveniles for truck theft

Pass Christian police arrested two Texas juveniles Friday night for the theft of a 1974 pickup truck.

The truck was reported stolen about 5:30 p.m. from the Winn-Dixie parking lot by the owner, W. F. Whisenant of Rt. 1 Box 77, Pass Christian. Whisenant told police he had left his keys in the truck.

Ptn. William Markopoulos found the truck on U.S. Highway 90. The juveniles were booked by the Mississippi Highway Patrol and charged with grand larceny. They were turned over to the Harrison Family Court.

City gas rates climb

Residents of Bay St. Louis will pay almost 10 percent more for the natural gas they use, effective immediately, according to Utility Commissioner Lucien Kidd.

Kidd said that a cost increase of 9.5 percent to the city by United Gas Pipe Line Company was being passed on to the consumer and would be reflected in February utility billings.

Cost of 1000 cubic feet of gas rose 4.01 cents effective January 1, according to Kidd. The city was paying 42.19 cents for 1000 cubic feet of gas prior to Jan. 1, Kidd said, and now is being charged 46.20 cents per 1000 cubic feet.

The last utility increase to city residents occurred Nov. 5, 1973 when the council passed a whopping 20 percent rate increase for gas and a 10 percent rate increase for water in the city. At that time Commissioner Kidd asked for and got a city ordinance which would allow future cost increases to be automatically passed to the consumer without any council action.

According to Kidd, consumers are in for more bad news in April if United Gas follows its schedule of rate increases. Kidd said that United Gas had scheduled rates to increase to 49.90 cents per 1000 cubic feet effective April 6 as allowed by the Federal Price Control Gas Tariff.

The immediate 9.5 percent increase will raise the minimum domestic bill from \$2.52 to 2.77 per 1000 cubic feet.

Men rescued from marshes

Two Bay St. Louis men, who spent a cold, wet three days and nights lost in marsh islands of the Mississippi Sound, say they will "not go fishing out there again."

Approximately 10 boats, three planes and 30 to 40 persons took part in a two-day search for Randall Williams and Arthur Miller, Jr., both 19, who left a fishing camp on a marsh island 35 miles off shore from Bayou Caddy at dawn Jan. 15 and remained lost in a small skiff for three days.

Williams and Miller had left for the fishing-hunting camp on the island Jan. 14 with Phillip Gayaut and Ronald "Boss" Tangulis, in Tangulis' fishing boat.

Tuesday mid-morning the two younger men left the camp in a skiff to set traps elsewhere on the string of islands, situated in Louisiana waters. A heavy fog set in and by late afternoon Wednesday Tangulis became concerned and radioed the Hancock Emergency Radio Organization in Bay St. Louis for help.

Zero visibility prevented a U.S. Coast Guard helicopter from entering on a search nor could small craft or fishing boats in the Bayou Caddy area go out.

Tangulis made another appeal for help Thursday morning through the HERO radio and later that afternoon, Hancock County Civil Defense personnel and private citizens set out in several boats to search for the lost men.

Later Tangulis and Gayaut said they could hear gun shots coming from the boat.

(Continued on page 10-A)

DEPUTY WILLIE LEE

Lader said he talked to detectives in the Fugitive Department in New Orleans and told them where Lee would be waiting to take them to Curry.

After Curry was apprehended, Lee said that the man told him that he didn't hold it against him... that he knew he was just doing his job.

Sheriff Lader said that Lee would be eligible for a \$1000 reward offered by a group of Hancock County citizens.

(Staff photo by Renee Smith)
U.S. REP. TRENT LOTT told members of the Pass Christian Chamber of Commerce Thursday night that if the Arab oil embargo continues and the American people refuse to believe in an energy crisis the country will face disaster. Lott spoke before 162 persons attending an installation dinner at the Pass Christian Yacht Club. Pass Mayor Steve Saucier is at Lott's left.

CAR 24 WHERE ARE YOU? - Pictured in the new office of the Pass Christian police department are the radio dispatchers who will be handling all of the department's calls. They are, left to right, Janet Bradley, Claire Lee, John Hayden and Laura Willard, seated.

Sea of gas endangers Bay residents

Bay St. Louis firemen worked for six hours early Sunday morning attempting to dissipate some 4,000 gallons of gasoline which spilled at the Bay Oil Company on Necaise and Booker streets, according to Fire Chief Richard Fayard. Theft is the suspected cause of the spillage.

Firemen received the call about 1:10 a.m. after a resident in the vicinity of the oil company notified the Bay police department that gasoline was leaking from a valve at the bulk plant owned by Thomas Munro of Gulfport.

An investigation revealed a spillage of approximately 4,000 gallons of premium and regular gas. Authorities said a valve had apparently been open all night.

The fire department used 35 gallons of chemical foam to cover the gas in order to reduce the hazard of ignition.

LB team lists activities

The Viger-Peno Team of the Long Beach Carnival Association will hold a jambalaya dinner on Jan. 26 at 6 p.m.

Myrna's Cajun Cousins from Gonzales, La., will prepare the jambalaya in the authentic Cajun fashion by cooking it outside in huge iron pots.

The dinner will be served in the St. Thomas cafeteria in Long Beach. Following the dinner a dance will be held in the St. Thomas gymnasium.

Music will be furnished by the Mississippi Travelers.

Sponsors for the event are Mr. and Mrs. Mickey Glancey and Helen Olinger.

On Jan. 29 a coffee for the team will be held at 104 Oakview Ave. in Long Beach from 9:30 to 11:30 a.m.

Sponsors for this event are Pat Catalano and Betty Fouché.

Waveland Police Report

In the period of Jan. 15-22 Waveland police department made 18 arrests for traffic violations and answered three complaint calls, one for vandalism of an automobile, one for burglary and one stolen car.

Waveland police are investigating the theft of a 1965 Chevrolet Corvair, reported by Mrs. Marie B. Hart who told Ptn. Terry Holmes that she discovered the auto missing Tuesday morning from her residence at 100 Nicholson Ave.

Authorities believe the theft to be linked with that of a 1965 Chrysler, stolen Jan. 21 in Orange, Tex. and recovered Tuesday morning on the beach at Coleman Ave. by Waveland police. A John Doe warrant has been issued for the person or persons involved in the theft of the Hart vehicle as authorities in a three state area are searching for suspects identified by Orange police.

Fayard said the gas covered the ground and had seeped under tanks and a house on the site.

The Louisville and Nashville Railroad cooperated with firemen delaying a train for two and a half hours to avoid the possibility of sparks setting off the spillage.

Firemen were on duty at the scene until approximately 7 a.m.

Earlier on Jan. 7 at a meeting of the Bay St. Louis city council, Fayard made charges against the company for using old storage tanks to hold gasoline. Fayard told the council that the fire department had sought a holding order Dec. 28 against the company after it was discovered that the old storage tanks that belonged to the former Shell Oil Bulk plant were being used. That plant was involved in an explosion and burned two years ago, he added.

Long Beach Chamber plans trade area survey

The Long Beach Chamber of Commerce is formulating plans to make a retail trade area survey.

The chamber's research and development committee composed of Dr. Joe Holloway, Cecil Dubulson and Ed Langton told a recent meeting of the board of directors that 2,000 questionnaires will be mailed to a random sample of residents in the city's trade area in order to determine the wants of each patron.

Chlo Anderson, manager of the Gulf Coast Division of the Mississippi Research and Development Center, and an associate are presently compiling data for the chamber which will delineate the Long Beach trade area.

First aid offered again

The first class in Advanced First Aid and Emergency Care has been recently graduated by the Hancock Emergency Medical Services organization.

A HEMS spokesman advises that the course will be offered again in the spring and open to the public. Anyone interested in the course may contact the following HEMS members for notice of course date: Edward Frloux, 467-5018; Mrs. Denise McDowell, 467-7527; A. C. Jones, 467-7007.

DuPont well now at 4,000 feet

By Renee Smith
Echo Staff Writer

DuPont officials said Monday night that test drilling for possible deposit of wastes is now at 4,000 feet, almost the half-way point of a planned 9,500-foot test well.

Speaking before a gathering of residents at the DeLisle Elementary School, the officials said that if testing and other features show the plan feasible, DuPont hopes to build a titanium dioxide plant on a 2,200-acre land tract in DeLisle.

New P&H director is Hancock native

Wilson W. Webre, newly appointed director of the Hancock County Port and Harbor, has been a life-long resident of Hancock County.

Although he wasn't born here, Webre says, his family has been established in the county since 1865. Webre's parents returned to the area when he was a small child and he attended local schools.

Out of the county from 1936-47, Webre worked for the Civilian Conservation Corps and saw military service with the U. S. Army during World War II.

At the end of the war, he was appointed a civilian administrative assistant to the head of the U. S. Army Ordnance Division at Camp Shelby in Hattiesburg, the appointment coming from then U. S. Secretary of War H. Stinson.

Returning to the Bay, Webre opened and operated a private training school for World War II veterans under the auspices of the Veterans Administration and the state Dept. of Education. Over a five year period, Webre said the school trained some 1,200 veterans in general automotive mechanics as well as academic subjects. The school was closed with the onset of the Korean conflict and Webre then became involved with the operation of a chain of drive-ins.

Other business ventures included real estate development and serving as a special deputy in the county tax collection department.

During his tenure there, Webre instigated a computerized system for vehicle licenses, greatly expediting the annual issuance of tags.

Department new facilities manager for DuPont, said a decision by DuPont should come in three to four months after studies of the tests have been made.

Larry Kniffin, site project coordinator, said that it takes at least four hours from conception to start a new site and the Harrison county site still probably take more than four years.

He added that the proposed plant will have a capacity of 100,000 tons per year with projected growth set at an ultimate capacity of 300,000 tons per year.

Kniffin stated that the plant will employ approximately 500 people with 85 percent of this figure drawn from the local population.

Lojewski said it would be another four weeks before test drilling would reach 5,000 feet. At this time salt water will be injected to test porosity and absorption capability at various depth zones.

Following a slide presentation on the company's products and other plants, the representatives answered questions from the audience.

In answer to a question on DuPont's effect on the surrounding water supply, Kniffin said that before the company spends \$100 million to build the plant they will be sure they have a sufficient water supply. He also stated that the company plans to dig their well to a level of 1,500 or 2,000 feet which would be much deeper than those of local residents.

Lojewski added that geologists had told them that wells at this level would not affect the water supply of residents in the area. Kniffin said that they could not give any definite data until DuPont digs a test well for water.

When asked what assurance local residents would have that wastes from the disposal wells would not infiltrate fresh water levels, Kniffin said that this was why the company was drilling the test well. DuPont knows that it must have the necessary geological formations in the well to protect fresh water areas, he said.

He added that one part of the test will be to take the samples of the wastes-mix them with strata material in a test laboratory to see what effects the waste materials have on the substances.

Concerning a question about the Bay of St. Louis, Lojewski stated that 2,000 gallons of water per minute will be pumped into the Bay. He added that the water will have about a five degrees rise in temperature. The Environmental Protection Agency through the state of Mississippi will control all

He resigned as a member of the Port and Harbor commission on assuming duties of director early this month. He is also a member of the Federal Eminent Domain Commission for the Southern District, a member of the Gulf Regional Planning Comm. and a member of both the Bay St. Louis and Hancock County Planning Comm's. He is a past president of the Hancock Chamber of Commerce as well as a past director.

Webre is married and has three daughters.

MR. ED WEIDNER GETS NEW TANK TRUCK FROM HERB BARON AT TURAN-LANE CHEVROLET.

Mr. Ed Weidner desperately needed an additional tank truck for his Shell Oil Distributorship in Bay St. Louis. He visited Turan-Lane Chevrolet and talked to salesman Herb Baron who was successful in securing a truck to his exact specifications - so - "Shell Gas is on the move again." If you're interested in buying a certain type of a car or truck, and Turan-Lane Chevrolet doesn't have it in stock, they will do their best to get it for you, and also with just the extras you want.

Lojewski said that construction would not start until the first quarter of 1975 if DuPont decides to build the plant.

He stated that raw materials for the plant would come by ship to the Port of Gulfport and would then be transferred to the plant by trucks or rail. Lojewski added that for the initial phase barging would not be feasible but it could be a possibility in the future.

Concerning the energy crisis, Lojewski said DuPont is very concerned about the problem and has established a special committee to study it. Many of DuPont's plants depend on petroleum products for raw materials. The proposed plant would not use petroleum for raw materials but would have to need it to generate steam, he stated.

Lojewski added that the crisis could affect the decision on building the proposed plant. "We will not get the money to build the plant unless we can be assured that we'll get fuel supplies," he explained.

The meeting was sponsored by the West Harrison County Jaycees.

Lojewski said that construction would not start until the first quarter of 1975 if DuPont decides to build the plant.

United Fund goal is realized

Mrs. C.C. McDonald, Jr. and Mrs. Terry Feeney, co-chairmen for the 1973 Campaign of the Hancock County United Fund, have announced that the \$30,000 goal has been reached. Campaign reporting, along with other organization business, was given at the annual meeting of the Board of Directors held Jan. 8 at Valena C. Jones Center in Bay St. Louis.

Mrs. McDonald expressed appreciation to the contributors and to the many volunteers who worked on the campaign. In commenting on the success of the campaign, she extended her thanks to the division chairmen and their workers and to residents of the area adding, "We were cheered on by them during the entire three months of the campaign, and it would be impossible to thank the many individuals who did big and little jobs to help us. Gifts came in ranging from the child who gave a few pennies, to the contributions of those of greater means." Local agencies supported by United Fund include: Area-wide Senior Citizens Model Project; Retired Senior Volunteer Program (RSVP); Hancock County Emergency Relief Fund; Gulf Coast Mental Health Center; Hancock County Chapter of The American Red Cross; Hancock County Blood Bank; Boy Scouts; Cypress District Girl Scouts; Gulf Pines Council; Camp Onward; U.S.O. (Worldwide).

Division Chairmen were: Robert M. Sargent, Commercial Division, who brought in \$7,801;

John Scaffide, Jr., Professional Division, succeeded in expanding payroll deduction for City and County school teachers, with North Bay School handled by Mrs. Rose Uram participating 100 percent. The total in this division was \$2,358;

Mrs. Fred Wagner, Special Gifts, brought in \$1,240; Nicholas Haas, Banks and Homesteads, showed a total of \$1,239.90;

Commissioner Lucien Kidd, Chairman for Public Employees, brought in \$956.

In special events, with Henry L. Thomas as chairman, Mrs. Robert Boudin and Mrs. Lois Maurig, owners of the Corner Boutique brought in \$227.50 from a Style Show at the Bay-Waveland Yacht Club.

In Neighborhood Divisions, Gus Uram, chairman for Bay St. Louis brought in \$1,757.33; For Waveland, Fred Fisher collected \$1,358.41.

The Campaign conducted by St. Rose de Lima Parish Council, under Gloria Lee brought in \$242.45;

Clermont Harbor, Lakeshore and Ansley, covered by Mrs. Louis Garcia brought in \$135.05. In addition a total of \$62.54 was collected by the Woman's Civic Association of Bayside Park Subdivision.

The drive at Diamondhead, which started late in the campaign and is still going on, brought in \$1,000 from the

Diamondhead Corporation and \$111 from employees and residents of the area.

The campaign in the eastern part of the county, handled by Supervisor Oscar Peterson, showed a total of \$1,055.40, while Pearlinton had a separate drive for the first time, which was successfully handled by Mrs. Irma Cuevas and her workers, and produced \$200.

The share from the Mississippi Test Facility campaign is \$4,393.35. From the Combined Federal

Campaign, \$4,771.00. From Chrysler Michoud employees \$1,463.04, Kaiser Aluminum and Chemical Company, New Orleans, \$24 and Ingalls Shipbuilding Corporation Hancock County Employees \$725.

The Board of Directors, with the assistance of the Budget Committee, voted to make \$24,000 in payments to the agencies. (This is \$3,496.66 in excess of 1973 payments). The sum of \$3,000 is to be used to conduct the 1974 Fund Campaign and for ad-

ministrative purposes. The remaining \$3,000 is estimated for possible non collection of payroll deduction accounts and pledges. Funds in this category, if received, will be paid to the agencies.

As the funds are invested in an interest bearing account, payments will be made to agencies in 1974 within the first week of April, July, October and December, except in the case of the Emergency Relief Fund. Payments will be made to this agency on a monthly basis,

because of the excessive demands being made on this organization. UF executive secretary Mrs. Mae Beyer said.

Contributions to the campaign are still coming in, Mrs. Beyer stated and are welcome any time throughout the year.

The Hancock County United Fund operates on an open door policy offering admission to any acceptable service or charitable organization which gives assistance to the people of Hancock County.

President Norton Haas, Sr. on behalf of the Board of Directors of the Hancock County United Fund, ex-

pressed thanks and appreciation to all the contributors and the workers for their assistance in making the 1973 Campaign one of the most successful in the nine years.

MOTHERS' MARCH

Mrs. Theo Tudury, Hancock County March of Dimes chairman, announced the Mothers' March scheduled for January 27 has been postponed until February 3 because of insufficient workers.

Mrs. Tudury is asking anyone who wants to help with the Mothers' March to call her at 467-5392.

NOTICE TO CREDITORS

Letters Testamentary on the Estate of Horace H. Vairin, deceased, were granted to the undersigned by the Chancery Court of Hancock County, Mississippi, on the 8th day of January, 1974; therefore, notice is hereby given requiring all persons having claims against said estate to have same probated and registered by the Clerk of said Court within six months from this date, and failure to so probate and register same in six months will bar the claim.

This, the 10th day of January, A.D., 1974.

LOTTIE TURNER VAIRIN
 AND GEORGE H. VAIRIN,
 EXECUTORS OF THE ESTATE
 OF HORACE H. VAIRIN,
 DECEASED
 1-10-17-14-14-74

SUBSTITUTED TRUSTEE'S NOTICE OF SALE

WHEREAS, on December 10, 1970, John Donald Lutz and wife, Peggy R. Lutz, executed a Deed of Trust to Kent E. Lovelace, Jr., Trustee for Hancock Bank Security Corporation, which Deed of Trust is recorded in Deed of Trust Book 149, at Pages 522-524, in the office of the Chancery Clerk of Hancock County, Mississippi; and

WHEREAS, the said Deed of Trust and the indebtedness secured thereby were assigned to First Federal Savings and Loan Association of Hattiesburg, by instrument dated May 11, 1971, recorded in Deed of Trust Book 183, at Page 106, of the above recorded Deed of Trust; and

WHEREAS, by authority of said Deed of Trust, Secretary of Housing and Urban Development, the holder of said Deed of Trust, substituted Charles K. Pringle as Trustee by instrument dated December 10, 1973, recorded in Deed of Trust Book 175, at Pages 990-981, of the above recorded Deed of Trust; and

WHEREAS, default having been made in the payment of the indebtedness secured by the said Deed of Trust and the holder having requested and directed the undersigned Substituted Trustee to do so, I will on the 31st day of January 1974 for sale at public outcry and selling legal hours, being between 10:00 A.M. and 4:00 P.M., at the main front door of the County Courthouse for Hancock County at Bay St. Louis, Mississippi, for each to the highest and best bidder the following described land and property, lying and being situated in Hancock County, Mississippi, to-wit:

Lot 56, MILIEU VILLAGE, FIRST ADDITION, to the City of Bay St. Louis, County of Hancock, State of Mississippi, as per map on file in the office of record in Plat Book 2, Page 89 in the office of the Chancery Clerk of Hancock County, Mississippi.

Witness my hand and seal this 2nd day of January 1974.

CHARLES K. PRINGLE
 SUBSTITUTED TRUSTEE
 1-10-17-14-74

CHANCERY SUMMONS

NO. 12-12

THE STATE OF MISSISSIPPI,

TO UNKNOWN HEIRS AT LAW OF MRS. MARY MARGARET WAHLEN NICK being one and the same person as Mrs. Annie Margaret Wallen Nick, deceased;

ANY AND ALL PERSONS having or claiming any right, title or interest in and to the following described property, to-wit:

Lot 33, Block 3, BAY OAKS SUBDIVISION, NO. 2, being a subdivision of Lots 242 and 243, Fourth Ward, Bay St. Louis, Hancock County, Mississippi, as per map or plat of said subdivision on file in the office of the Chancery Clerk of Hancock County, Mississippi.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on or before the 24th day of January, A.D., 1974, to defend the suit No. 12-12 and to plead, answer or demur to the Petition to Establish Heirship of LOUIS A. NICK, et al. This hearing is set at 10:00 A.M. on the 24th day of January, 1974 in the Hancock County Courthouse in Bay St. Louis, Mississippi.

The same being a suit to place heirs in possession of said land above described wherein you are a defendant.

This 4th day of JANUARY, A.D., 1974.

(SEAL)

JOHN D. RUTHERFORD, JR.
 CHANCERY CLERK
 Bay St. Louis, D. C.

Mrs. Marie Emmy Eichhorn, Waveland; two daughters, Mrs. Margaret Eichhorn Menasco and Mrs. Inez Eichhorn Champagne, two sons, Louis E. and Marcus M. Eichhorn Jr.; 17 grandchildren and 1 great-grandchild.

Funeral services were held at noon Monday with a Requiem Mass at Jacob Schoen and Son Inc. funeral home chapel with Rt. Rev. Msgr. John Scanlon, pastor St. Clare Catholic Church, Waveland, as celebrant. Interment was in Cypress Grove Cemetery, New Orleans.

MRS. IGERINE LADNER, Mrs. Igerine Ladner, 64, died at 8:47 p.m., Friday, January 19, at Hancock General Hospital where she had been a patient for six days.

Born September 29, 1909, in Logtown, Miss., Mrs. Ladner had also resided in Kiln and in Bay St. Louis for 50 years. She was a member of Our Lady of the Gulf Catholic Church.

Mrs. Ladner is survived by her husband, Charles A. Ladner; a son, Charles J. Ladner, both of Bay St. Louis; a brother, Jesse Bennett; three grandchildren and one great-grandchild.

Funeral services were held at 1:45 p.m. Sunday from Riemann-Fahey Funeral Home followed by a Requiem Mass at Our Lady of the Gulf Catholic Church with Rev. Michael Tracey, associate pastor, officiating.

Interment was in Garden of Memories Cemetery. Pallbearers were John L. Bufkin, Gary Griffin, Benny Starita, O'Neal Benette, Howard Thornton, Larry De George, Johnny Harville and Lester Ladner.

MRS. CORELLA MITCHELL, Mrs. Corella Neelace Mitchell, 63, died at 11:42 p.m., Friday, January 19, at Gulfport Memorial Hospital where she had been a patient for three weeks.

A lifelong resident of Kiln, Mrs. Mitchell was born August 28, 1910 and was a member of the Church of the Annunciation, Kiln.

She was preceded in death by her husband, Kire C. Mitchell Sr., and a daughter, Mrs. Ruby Favre.

Survivors are five sons, Kire C. Mitchell Jr., and Russell Mitchell, both of New Orleans; Marshall Mitchell, Kiln; Leland Mitchell, Starkville, Miss.; and Melvin Mitchell, Lakeshire; four daughters, Mrs. Clifton (Mignon) Bonvillian, New Orleans; Mrs. Sidney (Margie) Woods, Bay St. Louis; Mrs. Lemon (Muriel) Neelace, Pass Christian; and Mrs. Clifton (Janice) Sauder, Standard Community; 12 grandchildren and a brother, Daniel Neelace, Kiln.

Funeral services were held at 12:30 p.m. Sunday from Riemann-Fahey Funeral Home followed by religious rites at Church of the Annunciation with Rev. Victor, pastor, officiating.

Interment was in Bayou Coco Cemetery, Kiln. Pallbearers were J.P. Moran Jr., Kenneth Cuevas, J.C. Favre, Charles Oliver, Delbert Seay, L.R. Smith.

WHARTON MOUNEY Funeral services for Wharton Mouney, 70, who died Friday, January 18, in New Orleans, were held Monday with a Requiem Mass at the funeral home of Jacob Schoen and Son, Inc. Interment was in St. Louis No. 3 Cemetery.

Mr. Mouney was the son of the late New Orleans Chief of Detectives Daniel F. and Rita Cornu Mouney.

Survivors include three sisters, Mrs. Hazel Hays, Bay St. Louis; Mrs. Lucille Edmonstone, San Antonio, Texas; and Mrs. Alice Anderson and a brother, Engel Edward Mouney, both of Los Angeles, Calif.

FREE DOGS

Bay-Waveland Humane Society, Inc. announced it has some new friendly dogs needing homes.

Pound can be reached by traveling Waveland Avenue to Spruce Street marker then turn East into Spruce Street pass big gate. Dogs are free.

TOP STUDENTS—Among University of Mississippi students selected for inclusion in the 1973-74 edition of "Who's Who Among Students in American Colleges and Universities" are (from left): Beverly Milam, Canton; Nancy Tipton, Jackson; Harold Reynolds, Gulfport; Shirley Rushing, Petal; and Prima Wusnack, Bay St. Louis.

Mardi Gras starts with Nereids Ball Feb. 2

Mardi Gras festivities will begin spectacularly in Bay St. Louis on February 2, as King Nereus VIII and his Consort, Queen Doris VIII, reign over the Eighth Annual Royal Ball of the Krewe of Nereids at St. Joseph Auditorium.

Identity of the Royal Couple and their Court will remain a closely guarded secret by the Krewe until after the Ball, when only the names of the King and his Dukes will be made known. Following tradition, the Queen and her Court's identities will not be revealed.

Theme for the occasion, to be carried out in tableaux is also to remain a secret until after the Ball; but will be manifested two weeks later with full splendor, as the Krewe of Nereids Parade winds through Waveland.

The 1974 Grand Marshal, not yet officially identified by Krewe officials, will lead the procession, followed by the nine floats especially designed for the Krewe to carry out the Theme by Edward Scanlon of New Orleans. The Krewe of Hancock, parade entries sponsored by many individuals, organizations and civic groups numbering over 90 units, will be part of the Carnival Celebration.

Special doubletons, featuring the theme motif on one side and the Nereid Emblem on the reverse, have been struck as "throws" for the celebration.

The Krewe has a limited supply of the silver oxidized, bronze and sterling silver doubletons for sale to the public.

The Nereids Parade set for February 17 at 2 p.m. will feature, as part of the Krewe of Nereids, numerous school bands and marching groups.

The Parade group will form at Central and Waveland Avenues, proceeding down Coleman, along the Beach, up Lafitte, ending along Central back to Waveland Avenue.

An invitation to all residents of the Gulf Coast to participate in the festivities has been extended by Waveland Mayor pro tempore John Longo. Last year, some 25,000 spectators turned out for the occasion.

HEART FUND PARTY

Pass Christian will hold its annual Heart Fund Party Jan. 26 at the St. Paul's gymnasium from 7 p.m. until midnight.

Refreshments and music will be available. Tickets for the event are \$2 per person.

Jaycees build community leaders

JC History

The week of January 20 - 26 is National Jaycee Week. The Jaycees, as the organization is known today, started as a dancing club in St. Louis, Missouri in 1921. It has grown to a strength of almost one million members. Metropolitan areas as well as rural communities all share in the Jaycee motto of "Building Community Leaders through Community Service."

Bay St. Louis

The Bay St. Louis Jaycees received their charter February 23, 1960 with 12 charter members, including: A. K. Martinovich, Jr., Charles Poolson, Jr., Norton Haas Jr., O. J. Mollere, Frank Schmidt, Robert D. Ladner, Michael Haas, Charles Thomas, E. J. Marengo, Charles E. Carter Jr., C. J. Piazza and John Piazza. From 1960 to 1974 the membership has grown from the above 12 to more than 100. The spirit of Jayceism has spread to other Coast communities through the efforts of our Jaycees extending the organizations in Waveland, Pass Christian, Long Beach, Lumberton and Mississippi City.

The Bay Jaycees community service projects number in the hundreds with recurring projects including cleaning city beaches, building a boat launch ramp,

sponsoring fishing rodeos, get out and vote campaigns, Christmas baskets for the needy, welcoming committees, honoring members of the community for their achievements in education, farming, law enforcement, recreation and for distinguished service to the community.

Bay Jaycees formed special committees that spearheaded the realities of Hancock County's Port and Harbor and Buccaneer State Park.

However, the Bay Jaycees largest contribution to their community has been their service to youth. With the help of city officials and Operation Upturn the Jaycees have constructed four playgrounds, at Main and Necaise, Dunbar, Seventh Street and one for the Clermont Harbor School for Special Education.

For several years the group has brought Santa Claus with a bag full of toys for the mentally retarded students in the special school.

Scholarships have been won by the young women of our community who won the title of Miss Bay St. Louis and, most recently, the Junior Miss Pageant both sponsored by the Jaycees.

Proceeds from the Jaycee Bowl Game, started in 1970, have provided scholarships to 12 deserving students from three area high schools.

Most recently the Bay Jaycees have provided supervised recreation for area youth with the operation of the Youth Center, supervised by Jaycees, Charles Parker and James Chiniche.

J. P. Compretta, another Jaycee, supervises the Punt, Pass and Kick contest in conjunction with Charlie Henderson Ford. These young men receive trophies for their achievements.

The Jaycees also sponsor a little league baseball team. This year's team won first place.

The State Jaycee program includes community action programs, venereal disease education programs, safety, alcoholism, environmental protection and drug programs. Bay Jaycees are most identified with Honey Sunday. Proceeds from throughout the state are contributed to the State Special Education Center at Ellisville, Miss.

Bay Jaycees have made and are making contributions to other Jaycees on a state and national level.

Charles E. Carter, Jr., a local past president, served as a state vice-president and Mississippi Jaycee president in 1965-66, and a U.S. Jaycee National Director.

Thomas O. Logue Jr., past local president, served as a U.S. Jaycee National Director and was honored as Mississippi's Outstanding Young Man.

E. J. Marengo, past local president served as State Chaplain.

Michael Haas, past local president, the only man to serve two terms, served as

The Jaycee Creed

We believe:
That faith in God gives meaning and purpose to human life;
That the brotherhood of man transcends the sovereignty of nations;
That economic justice can best be won by free men through free enterprise;
That government should be of laws rather than of men;
That earth's great treasure lies in human personality;
And that service to humanity is the best work of life.

State Jaycee Legal Counsel. James Necaise, past local president has served as Area L Vice-President and is currently serving as State Internal Vice-President.

Currently serving as local president is Claude Switzer. The future for Bay St. Louis Jaycees looks bright. Adults will receive a day of nostalgia and children a day - to remember when the Jaycees bring the circus to town - in March.

This summer the entire county will be called upon to support the Jaycees in kicking off the new Youth-Community Center building fund campaign.

The Bay Jaycees ask that during Jaycee Week each citizen of the town make a commitment to put aside personal resentments and work together for the return to the progressive town - that inspired twelve young men to adopt the Jaycee Creed.

Long Beach

The Long Beach Jaycees were chartered on April 19, 1960.

Officers of the club include Chris Carrubba, president; Emile Daniel, internal vice president; Marty Goodman, external vice president, and Tony Schexnayder, secretary-treasurer.

The organization's major project is the Jaycee Bowl which is held annually in November. The Long Beach Jaycees also sponsor the city's Junior-Miss Pageant, also in November. They operate concession stands at the Pass Wee Basketball games and give a Christmas party each year for the youngsters at the Faith Children's Home. The group also contributes money to the home.

In addition to these Long Beach Jaycees have an annual "Honey Sunday" during which they sell honey. The proceeds from this event go to the Jaycee supported State Special Education Center.

According to Carrubba, the group is presently involved in a membership drive. They also plan to give a party in the near future and will invite several city officials. "We are trying to work with the city and hope to acquaint people with our organization," Carrubba said. He added that the group is presently sup-

Pass Christian

porting the drug-abuse program.

He added that the club has 31 members and meets every second and fourth Thursday of the month at the Jaycee Hall on Old Pass Road across from the Long Beach High School.

The main ambition of the Pass Christian Jaycees is to help build a community center for all of the city, according to the club's President Leslie Ladner.

Ladner said that recently the group attended a meeting with all of the area's civic leaders concerning the center.

The Pass Jaycees also hope to build a Jaycee Home and initiate an annual Junior Miss Pageant for Pass Christian.

During the past year the group held its first annual fishing rodeo. Ladner stated that the three day event was a success.

They also sponsored a junior tennis tournament. Susan Lang, one of the tournament's winners, went on to win state honors. In November the Pass Jaycees held a professional bicycle race with 250 racers from a three-state area participating.

They also sponsored a political rally to give concerned citizens a chance to ask candidates questions. Ladner said the group is presently raising a scholarship fund to help finance college tuition for Pass students.

He added that the group has established Project Help which aids persons who are in financial distress because of sickness or an accident.

"The most important part of being a Jaycee is to be involved in the policy making decisions for our city. When our mayor and board of

aldermen are right we want to get behind them and help," Ladner stated. He added that "in the same light if we disagree, we should let them and the community know that we do."

"We don't want to run the city but we want to be included so we can all help make it a better place to work and live," Ladner concluded.

Officers of the Pass Christian Jaycees are Lesie Ladner, president; Steve Kohl, external vice-president; Robert Goff, internal vice-president; Pat Rosella, secretary, and J. O. Necaise, treasurer.

ADOPTION DAY IS SUNDAY

Adoption day at the Waveland dog pound has been changed to Sunday from 2 to 4 p.m.

THE YOUNG ONES

MARCH OF DIMES volunteer Beth Bryan, a member of the Teen Action Program (TAP), gives a lift to Tyrone Bristol at the North Carolina Orthopedic Hospital in Gastonia. Tyrone had just had corrective surgery for club feet. TAPs assist the hospital staff in the fight against birth defects.

DO YOU HAVE A DRINKING PROBLEM?
If you think you have, chances are you do. Contact Alcoholics Anonymous for HELP.

For information CALL 863-8620.

For the family of the problem drinker, Al-Anon meets Mondays, 8:00 P.M. St. Augustine's Cafeteria.

Miss. Heart Association

Heart attack warning signs outlined

Representatives of the Hancock County chapter of the Mississippi Heart Association (MHA) will soon begin a door to door campaign in an effort to meet a \$2,300 goal set by MHA in Hancock County.

An estimated 3,870,000 Americans have coronary heart disease, according to the American Heart Association. More than 675,000 died of heart attacks in 1971, 350,000 of which died before reaching the hospital. Many thousands of these might have been saved if the victims had heeded the warning signs.

AHA statistics show an estimated 1,650,000 persons are afflicted by stroke. More than 207,000 suffered fatal strokes in 1971. Many fatal strokes could be prevented if hypertension (high blood pressure), a leading cause of stroke, is diagnosed and controlled.

Delay spells danger, warns the AHA. When you suffer a heart attack or stroke, minutes especially the first few minutes, count. The time to act is before catastrophe strikes. The Heart Association urges the public to become aware of the warning signs of heart attacks and strokes.

Heart attack warning signs are:

—Prolonged, oppressive pain or unusual discomfort in the center of the chest, behind the breastbone.

—Pain may radiate to the shoulder, arm, neck or jaw.

—Pain or discomfort is often accompanied by sweating.

—Nausea, vomiting and shortness of breath may also occur.

—Sometimes these symptoms subside and then return. Stroke warning signs are:

—Sudden, temporary weakness or numbness of the face arm or leg.

—Temporary difficulty or loss of speech, or trouble understanding speech.

—Temporary dimness or loss of vision, particularly in one eye.

—An episode of double vision.

—Unexplained dizziness or unsteadiness.

—Change in personality, mental ability or pattern in headaches may also occur.

Sometimes these symptoms subside, then return, continues the warning. When you experience one or more signs, call your doctor and describe these symptoms in detail. If he's not immediately available, get to a hospital emergency room at once. Keep a list of numbers—doctor, hospital, ambulance or

other emergency services and police—next to your telephone, and in a prominent place in your pocket—wallet or purse.

Many heart attack deaths result from electrical irregularities of the heart. In many cases, these irregularities can be corrected by new electronic devices, new drugs and other techniques.

Modern coronary care facilities are reducing in-hospital heart attack mortality about 30 percent. If all hospitalized heart attack victims could receive specialized coronary care, about 50,000 lives could be saved annually.

Improvement in coronary care services and training of personnel are major program objectives of the Heart Assoc.

Students organize anti-pollution group

In view of recent pollution problems along the Gulf Coast, a group of local students has organized to find the source of this pollution problem, what is being done, and what can be done in the future.

The organization of approximately 20 students is named the Youth Against Pollution. For its first project the Y.A.P. is helping to get Jordan River reclassified to "recreational" in order to upgrade the water's quality.

There have been reports that the local sewer system is not working properly, the group reports and that some individuals have been

draining raw sewerage into local waters. This is one of the things that the Y.A.P. will check into as a project. The group will contact local officials to get their suggestions on what can be done.

Y.A.P. officers are Robert Warner, Jr., president and David Treutel, secretary, both St. Stanislaus students. Warner said that the organization is open to all students interested in the current pollution problems in the Gulf Coast area and additional members from all area schools are welcome to join. Warner can be contacted for further information at St. Stanislaus.

An Invitation . . .

We cordially invite you to come and view the interior changes of our main lobby and Civic Room. The Civic Room is open to local clubs and organizations.

John Rosetti, Mgr.
Anita Lamb, Asst. Mgr.

Bay St. Louis Branch

"In the lobby interior a balanced unit was achieved by use of grey wall tone with bone and henna fabric presenting accent contrast. An indoor-outdoor feeling was accomplished through green and yellow wall coverings and a display of beautiful photo landscapes by Bob Hubbard."

Colling's Corner

By E.S. Colling

Like everyone else we have been much concerned lately by the unprecedented skyrocketing of the prices of almost everything you have to buy. But sober contemplation of the subject revealed a sidelight which few people seem to take very seriously but which in fact adds appreciably to their financial burden: it is the typical American disregard of the ancient truth that "many a mickle makes a muckle".

During the past year especially we have noted with anger the steady and rapid rise in costs of food, clothing and virtually everything else that one must buy to maintain our "standard of living", and every rise means that we have less money in our pockets. To try to balance the account, we cut down on "luxuries"—that is, we say we do, but actually it's difficult to name the items which we really eliminate from our spending list. We don't buy as much roast beef and fine furniture and jewelry as we used to, but whoever heard of anyone not replacing a cranky tv set or foregoing a short pleasure trip or going somewhere by car or train when he could fly?

As to smaller extravagances, how many records do you guess the recording companies are selling today at from five to sixteen dollars per set, records that you play half a dozen times

and then bury under a pile of other "oldies"? And every time you buy an album (usually something that the maker hasn't been able to get rid of when it was new and is now unloading to get his cost out of it) you are upping your cost of living. And how much do the kids spend each week on candy bars and "comic" books—both of them without the slightest benefit to their health and morals?

Time was when people paid attention to this wastage. True, there were spendthrifts a hundred years ago, as now, but they were a small and not highly-regarded class. Most folks knew when they were getting proper value for their money; today that often isn't true, as in the case of the long-play records and a good many other articles advertised ad nauseum on tv. And every dollar so wasted adds to the cost of living.

Ben Franklin is said to have protested that his Poor Richard was not intended to be a prophet of gloom with all its precepts about a penny saved, nor do we decry spending for good living and pleasure when the spender gets what he pays for. But we certainly don't like to hear a man—or woman—beef about how prices of everything are going out of sight at the same time he—or she—is blithely throwing away dollars on useless or unneeded trash!

Governor's news summary

Governor Bill Waller said last week that processing and marketing of agricultural products will shape the future of Mississippi's economy.

In remarks before the Cattfish Farmers of Mississippi, the Governor said that Mississippi is not receiving a full return on the value of its agricultural production. "In 1973, the value of products produced on Mississippi land was \$1.9 billion," Governor Waller said. "However, the consumer value—or the value after processing and marketing costs had been added—amounted to over \$6.5 billion. This represents a loss of over \$5 billion that is now going to out-of-state firms."

Governor Waller said that he had asked the legislature to fund programs of the Extension Service and Marketing Council which would promote processing of Mississippi products

within the State and develop new markets for these products world-wide. Governor Waller said, "Agriculture is the mainstay of Mississippi's economy. It is imperative that we encourage and nourish a sound program to expand our agricultural enterprises through processing and world-wide marketing."

A water and sewer association have been penalized a total of \$1,300 by the Mississippi Air & Water Pollution Control Commission for polluting State waters.

In hearings last week the Commission levied a \$1,000 penalty against the Hinds-Rankin Water and Sewer Association for bypassing raw sewage from a pumping station into a Rankin

Washington Report

By: Rep. Trent Lott

COMING HOME TO ROOST

If you don't think this country's economic chickens are finally coming home to roost, you think about it when you prepare your 1973 income tax return.

Better yet, drag out your 1963 and 1963 tax returns and reminisce about the good old days when it was enough to have a chicken in every pot. You'll recall that somewhere along the line the chicken disappeared and Uncle Sam's tax bite got bigger and bigger. You might call it the law of diminishing refunds.

Fact of the matter is that we've been living on borrowed time for 25 years and our foolish ways are catching up with us. Our good American dollar just simply isn't what it used to be.

The fact that we're paying more and getting less really shouldn't come as a surprise. We've known—or should have known—for years that our free-spending, head-over-heels fiscal policy would catch up with us sooner or later.

That watchdog of the treasury himself, former Congressman William M. Colmer, saw the writing on the wall 25 years ago and spent the remainder of his congressional career warning his colleagues that reckless spending was not the answer to this world's problems. His warnings, as all of us now know, fell on deaf ears. And the spending continued.

At first it probably seemed like a good idea. There were new federal programs, new agencies, new departments, more bureaucrats.

And more money. And then there were more federal programs, more federal agencies, more departments, and even more bureaucrats.

And more money. Pretty soon, though, there was a federal program for every American ailment you can think of—and then some. Every time a new problem cropped up, Congress reared back and fired a barrel of money at it.

When the smoke cleared each time, we still had the problem—but we were out another barrel of money. If we learned anything at all, it was that money alone could never erase the ills of this or any nation.

It can be argued that the federal government should never have become involved in trying to control the economy. Government controls, after

all, only magnify the problem. Still, we must recognize the fact that the government many years ago did become involved. That, in itself is one of the major reasons for today's economy crisis.

So what are we to do at this stage of the game? I would suggest, first of all, that we learn to curtail wasteful, irresponsible federal spending.

Congress must do its part by learning to operate within a prescribed federal budget—and refusing to spend your tax dollars beyond that budget.

We must also learn to reject the notion that more agencies and more federal departments hold the key to the future success of this nation. Expanding the framework of our federal government just simply is not the answer.

Finally, we must not let other phenomena pull our attention away from the real number one issue in this country today: the economy.

As I pointed out in this column more than six months ago, it is high time we tighten our belts, look the problem square in the eye, and seriously move toward workable solutions.

Local VA News

BY
Chester L. Curvey

discontinuance of pension and repayment of the money received just as if they had received the card, and failed to return it.

Pension will not be paid to the widow of a veteran who has lived openly with another man since the death of her husband, and appeared to be the wife of that man. She will be considered to be married by the Veterans Administration. Pension will also be terminated for the same reasons if she is openly living with a man and drawing pension. In plain language it is illegal to live with one man and draw a death pension on another.

Apportionment, or the paying of a portion of a veteran's benefits directly to a dependent, may be made under certain circumstances such as: the income from all sources of the veterans dependents; showing need. Benefits will not be apportioned, however if it

has been determined that the estranged wife of the veteran has lived openly with another man and held herself openly to the public as the wife of that man.

If you have any questions concerning veterans benefits call 467-5404 or come to the second floor of the Court House to the Office of the Service Officer.

LANDSCAPE WORKSHOP

There will be a Landscape Workshop to be held at the Agricultural Center Building, February 12, 1974 beginning at 9 a.m. Information on Landscaping, Diseases of Ornamental Shrubs, Home Gardening and Insect Information will be given at this meeting.

HOME GARDENING

Get started early on that home vegetable garden. Begin by making a garden plan listing vegetables to be grown and feet of row of each. Get the soil tested to determine lime and fertilizer needs. Clean out, fertilize and row up part of the garden now for early planting. Order your seeds and fertilizer early as the supply is short.

It is time now to start planting that early spring garden. Recommendations for January plantings are English peas, leaf and head lettuce, Irish potatoes, mustard, turnip, spinach, rutabaga, radishes, parsley, onions, carrots and cabbage. Make your garden really pay off this year. Keep all rows working. When a vegetable stops producing, remove it from the garden and replant.

Get some rows ready now for later spring planting. Get your garden tools in shape for use. Get your seed catalog and figure your seed needs now.

BRUSH CONTROL

Woody brush along ditch banks, fence rows, along roads and in pastures can be sprayed now with herbicides that will prevent them from growing in the spring and summer.

Ester formulations of 2,4-D, 2,4,5-T or combinations of these in basal spray oils or diesel fuel should be applied as a basal spray to the lower 12 inches or brush less than three inches in diameter. Fresh cut stumps less than 14 inches in diameter should also be sprayed to prevent sprouting in the spring. Trees can be frilled or girdled and the cut sprayed.

BYGONE DAYS

5 Years Ago... The Home of Beat 5 Justice of the Peace Forrest Necaise and all contents, with the exception of a washing machine, were lost in an early Monday morning fire.

10 Years Ago... WWL-TV Channel 4 presented a salute to Bay St. Louis and Waveland on some of WWL's regular programs during January, after making extensive films in the two cities and interviewing many people.

25 Years Ago... Upon motion by Bay St. Louis Mayor Warren Carver, and seconded by Commissioner W.L. Bourgeois, the council adopted Ordinance 118, which imposed taxes upon all persons engaged in operating any gambling game as a business for profit, or operating any professional gambling place, and also placing a \$60 per year privilege tax on the operation of slot machines.

Commissioner Sylvan Ladner voted against the ordinance, due to the fact that gambling was illegal in the state of Mississippi.

50 Years Ago... The work of constructing a spacious and ornamental gas filling station at the corner of Union and Hancock streets will shortly be started for Claud Monti, who will be handling Standard Oil Company's products exclusively

Legislative Report

by EARL "BUCK" LADNER
STATE REPRESENTATIVE
HANCOCK COUNTY

For the first time in the history of the State of Mississippi the House of Representatives elected a Speaker Pro Tempore. This action came after a majority of the House members sent a signed petition to House Speaker John J. Kinkead who has been absent from the speaker's chair due to an operation.

Elected to the position was Representative C. B. "Buddy" Newman. Representative Newman is a veteran legislator from Valley Park and Chairman of the House Ways and Means Committee.

While the House committees worked long and hard hours this week floor action was comparatively slow. Among the bills passed in the House of Representatives this week was a bill which would establish a Veterans' School in the State of Mississippi. I was a co-author of this bill.

The issue of Governor Succession is intensifying as the 1974 legislative session progresses. If anyone has any ideas or suggestions concerning this issue I would appreciate your writing me for it will surely help me in my final decision in this matter.

Again I would like to remind the public that I will be at Scaffid's Wheel Inn Restaurant this Saturday morning at 10 a.m. Also present will be Senator Martin Smith.

Our Readers Write

Dear Editor:

I wish to inform you that, weather permitting, there will be a competition shooting match, January 26, at the Pass Christian Firing Range, between the Auxiliary Police and the Regular Police of Pass Christian.

A trophy will be given for the best marksman. Shooting distances will be at 7, 25, and 30 yards.

As a police officer, as a qualified expert, and for general practice purposes, I should compete. However, I was informed that I could not be in the competition. Some reasons given were: I might be too distracting to the other officers; I might damage their morale; if I should shoot better than they, and they couldn't take the heckling if I won the trophy.

Let me further state that I've only target practiced a few times, but I did shoot well. These men have had much more experience than I and surely they would do better??? May I use this means to challenge them to accept me in the competition? I promise, should I accidentally win, I won't brag about it too much. I wouldn't want to hurt their egos in the slightest.

Sincerely,
Officer Claire Lee
Pass Christian Aux. Police Dept.

Dear Sir:

The picture of the old fashioned iron stove, on front page of your recent issue really impressed me with some deep thinking.

Who would have thought, just ten

years ago, we may come to this. Not only are we in serious trouble but so is the world. Strangely, I am not surprised; I have been expecting this situation through out the years.

Is it any wonder the energy crisis, with so many oil tanker collisions, too many barge crashes, spilling oil and chemicals? Is any one naive enough to believe these crashes were mere accidents? All the oil drilling rigs, far out in the deep waters, suddenly exploding too many and too often. Comparing these events to one "tainted apple" in the whole barrel, skillfully contrived, all these things making a pattern of conspiracy and sabotage to cripple our economic and financial status, creating shortages and peril, for our American way of life.

Please permit the following excerpt, from a Denver, Colorado paper by J. Kesner Kahn, entitled, "Government To Blame."

"Americans were by far the best fed, the best clothed and the best housed of any people. But then along came the government programs, the farm programs, the housing programs, the welfare programs, the medical care programs, the proliferating programs now reaching out to control prices, safety ecology, land use, wages allocations, until we are being controlled in everything, everywhere, all the time. And the result, what we are facing today makes the good old days really look good."

Everett McFie
Waveland, Miss.

HEMS asks support of legislative bill

Members of the Hancock Emergency Medical Services organization are appealing to the public for support in passage of House Bill No. 182 to go before the state legislature this session for the second time.

The bill, known as the Emergency Medical Services Act of 1974, will provide for establishment, improvement and regulation of emergency medical services in the state of Mississippi.

Section two of the bill states:

There shall be established in the State Board of Health a program for the improvement and regulation of Emergency Medical Services (hereinafter referred to as EMS) in the State of Mississippi. All

responsibility for this program shall be vested in the executive officer of the State Board of Health and other such officers and boards specified by law or regulation.

The EMS program shall include the regulation and licensing of public and private ambulance service; inspection and issuance of permits for ambulance vehicles; training and certification of EMS personnel, including drivers and attendants; the development and maintenance of a

statewide EMS records program; development and adoption of EMS regulations; and the coordination of an EMS communications system and other related EMS activities.

There shall be established an Emergency Medical Services Advisory Council consisting of then (10) members, appointed by the Governor.

Passage of the bill would leave Mississippi eligible for a portion of the \$182 million allocated by Congress in

recent months for establishment of training programs for qualified ambulance service personnel. Unofficial sources state that Mississippi lost an estimated \$7 million of the federal allocation last year by defeat of the bill in the state legislature.

HEMS is asking area residents to mail the forms below to their respective representatives and senators to encourage successful passage of the bill.

TO: State Representative

I am requesting that you give your fullest support to the passage of House Bill 182, providing the Emergency Medical Services Act 1974.

Board of Health asking for Mental Health Dept.

The Mississippi State Board of Health has issued a position statement regarding proposed enabling legislation which would create a State Department of Mental Health.

According to Doctor Alton B. Cobb, State Health Officer and Executive Officer of the Board, the 12-member group strongly favors legislative action to establish a department which would serve as the state mental health, alcohol, drug abuse, and developmental disabilities authorities. Responsibilities for publicly supported mental health services are currently divided among the Board of Trustees of Mental Institutions, the Mississippi

Interagency Commission on Mental Illness and Mental Retardation, and the Mississippi State Board of Health. The Board of Health believes that this division of authority results in diminished efficiency and coordination in providing services to the public.

In its statement, the Board expressed a recommendation that a State Board of Mental Health, which would oversee the new department, should include professional persons knowledgeable in health and mental health. It was also the feeling of the Board members that a director of such a department should be a psychiatrist with administrative experience.

To promote a strong alliance and close working relationship between a Mental Health Department and the present Health Department, the Board recommended that the Executive Officer of the State Board of Health be a member of the Board of Mental Health and that the executive officer of the Mental Health Department be a member of the State Board of Health. In addition, it was felt that the public health nursing and other local health department services involved in case-finding and follow-up services to mental patients should be continued through contractual arrangements with the Department of Mental Health.

PARADE WARNING
Bay-Waveland Humane Society, Inc., requests that people keep their dogs out of the street along the Nereids parade route February 17.

Humane Society inspectors will be on duty along the parade route and the cooperation of the public will be appreciated.

Emergency Medical Tech course to start at Hancock Vo-Tech Center

Spurred by recent National Highway Safety Bureau statistics on highway accident deaths, an Emergency Medical Technician Ambulance training course is being implemented by the Mississippi Junior College system.

Registration was held Monday night at the Pearl River Jr. College Vo-Tech Center in Hancock County for the first session of the 80-hour EMT-A course.

Newly conceived, the specialized emergency medical care course is under the auspices of the Mississippi Vocational-Technical Education Div. of the Dept. of Education, in cooperation

with the Governor's Highway Safety Program, the Mississippi State Board of Health and the American College of Surgeons-Mississippi Committee on Trauma. The session at the Hancock County school will be only the third such course offered in the state.

The EMT-A training course is geared to qualifying ambulance drivers in a modified paramedic capacity to conform with regulations of the Emergency Medical Care bill now before the state legislature.

The EMT-A training course represents the first phase of training of the emergency medical technician career structure. The course covers

all techniques of emergency medical care presently considered within the responsibilities of the emergency medical technician, as well as all operational aspects of the job which he will be expected to perform. Specific content of the course is based on the National Highway Safety Bureau program standards, guidelines and recommendations for training ambulance personnel prepared by the Committee on Emergency Medical Service of the National Academy of Sciences and the American Academy of Orthopedic Surgeons.

The course emphasizes the development of student skill in recognition of symptoms of illness and injuries and proper procedures of emergency care. As such, reliance is placed heavily on demonstration and practice as a teaching method. Each lesson allows practice of specific skills covered in the lesson as appropriate and interrelated practice; test and evaluation sessions are designed to assure attainment of proficiency levels of all skills.

Some \$4,000 worth of equipment has been sent from the main campus at Hattiesburg for use in the training program, including a completely equipped modular ambulance. The ambulance

and all equipment is state supplied. Classes are scheduled to start the first week in February with four hour sessions two nights a week for ten weeks. Qualified registered nurses will conduct the sessions with area physicians participating as guest lecturers.

WAVELAND Roller Rink

Roller skate and enjoy a fun-filled evening.

All sessions well supervised, wholesome, some recreation.

Ecuador mushrooms recalled

The Mississippi State Board of Health today issued a warning against the purchasing of mushrooms produced and packed in Ecuador by the American Mushroom Co., Quito, Ecuador.

According to State Health Officer, Dr. Alton B. Cobb, "Royal Treat" brand of mushrooms 2 oz. and 4 oz.

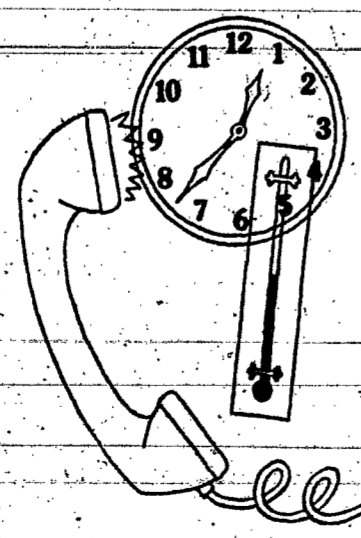

Nurse aid course registration set

There will be an organizational meeting for a Nurse Aide course on Monday, January 28 at 10 a.m. at Hancock General Hospital in Bay St. Louis. If a minimum of ten students enroll for this course, it will be conducted at the Hospital. The course will meet daily, eight hours per day, for a total of six weeks and is sponsored by the Hancock County Vocational-Technical Center, branch of Pearl River Junior College. For further information, call 467-3568.

Legal notices

ADVERTISEMENT FOR BIDS

Solicited proposals for "Renovations to Hancock County Courthouse for Hancock County Board of Supervisors". Project No. 7365-D will be received by the Owner until 11:00 A.M. Monday February 4, 1974 at the office of the Board of Supervisors at the Courthouse, Bay St. Louis, Mississippi at which time, and place all proposals will be publicly opened and read aloud.

Plans and specifications are on file in the office of the Owner and Fred Wagner Architect, 341 Main Street, Bay St. Louis, Mississippi. Copies of documents may be obtained from the Architect upon deposit of \$20.00 for each set. Upon return of complete, un-
mutilated sets within 20 days of the date of bid opening, refunds will be made as follows:

100 percent refund on first set to bidding contractors.
50 percent refund on all other sets. Proposals must be submitted on business letterhead, in triplicate, as set forth in Form of Proposal. Proposals must be accompanied by a bid security in the amount of 5 percent of the bid in the form of a bid bond counter-signed by an agent in Hancock County or in the form of a cashier's check made payable to the Owner. The successful bidder will be required to furnish a performance bond in the amount of 100 percent of the contract amount at the time of the signing of the contract.

All bidders are required to submit a Contractor's Qualification Statement (A.I.A. Document A306) at least 10 days prior to opening bids. All bidders must hold a Certificate of Responsibility and State Contractor's License as and if required by law and both numbers shall appear on the proposal and on the outside of the sealed envelope.

No proposal may be withdrawn within thirty days after bid opening. The contract will be awarded to the lowest qualified bidder if sufficient funds are available. The Owner reserves the right to reject any and all bids and to waive any informalities.

John Rutherford, Jr.
Clerk, Bd. of Supervisors

CHANCERY SUMMONS

No. 12,197

TO UNKNOWN HEIRS AT LAW OF LAURA BONDAGES BOURGEOIS, DECEASED; ANY AND ALL PERSONS HAVING or claiming any right, title or interest in and to the following described property, to-wit:

Lot 4 ROBERT SUBDIVISION of Lot 17, Third Ward of the Town of Waveland, Hancock County, Mississippi.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on or before the 6th day of February, A. D., 1974, to defend the suit No. 12,197 and to plead, answer or demur to the Petition to Establish Heirship of FRED J. BOURGEOIS, et al. This hearing is set at 2:30 P.M. on the 8th day of February, 1974 at the Courthouse in Gulfport, Harrison County, Mississippi.

The same being a suit to place heirs in possession of said land above described wherein you are a defendant. This 4th day of JANUARY, A. D., 1974.

(SEAL) JOHN D. RUTHERFORD, JR.,
Chancery Clerk
Lisa Taylor, D.C.

NOTICE OF TRUSTEE'S SALE

Default having been made and now existing in the payment of a part of the indebtedness due from Business Administration, secured by Deed of Trust executed on November 7, 1969 by Edgar Darwin Calonge and Mrs. Georgia S. Calonge, to wit: G. Gillette, Trustee for Small Business Administration, beneficiary, and recorded in Book 135, pages 229-232, in the Records of Mortgages and Deeds of Trust on Land in the Office of the Clerk of the Chancery Court of Hancock County, Mississippi, and the entire indebtedness secured thereby having been declared due and payable by said beneficiary, the owner and holder thereof, and foreclosures of said Deed of Trust having been duly requested, I, Virgil G. Gillette, Trustee in said Deed of Trust will, on February 4, 1974, within legal hours, offer for sale and will sell at public outcry to the highest bidder for cash at the main front door of the Courthouse of Hancock County, Mississippi the real property described in said Deed of Trust, situated in Hancock County, Mississippi, to-wit: Lot 4 of and from Section 210, HAYSIDE PARK SUBDIVISION, UNIT No. 3, Hancock County, Mississippi, as per plat of said subdivision of record in the office of the Chancery Clerk of Hancock County, Mississippi.

Together with all and singular the rights, privileges, improvements and appurtenances to the same belonging or in any wise appertaining.

I will convey any and title as is vested in me as Trustee, and the aforesaid property will be sold and conveyed without covenants of representation or warranty, except as implied; and subject to taxes, if any, which may be outstanding against same.

WITNESS MY HAND this 3rd day of January, 1974.

Reflections of the past

SCHOOL DAYS—Aviator caps were the style of the day in 1940 at the St. Stanislaus "Back School" which used to be located on Booker Street in the Bay. The school was also fondly called "Rip's University" because one of the brothers who taught there had a long white beard and resembled Rip Van Winkle. Red Reinke and Joseph and Andrew Scafile are three of the

boys in the picture. The picture was submitted by Brother Andries of St. Stanislaus who was teaching when the picture was taken. (Readers are urged to submit photos for use in Reflections. All pictures will be returned unharmed at the Echo office. Use of all photos is left to the discretion of the editor.)

Hunters fined after killing does

Five hunters were levied a total of \$1,115 in fines last week by Justice of the Peace Jimmy Ray Hoda for killing five doe deer.

Driver education offered adults out-of-schoolers

The Bay St. Louis Municipal Separate School District will offer driver education for adults and out-of-school youth in the near future if interest warrants.

A small federal grant administered by the state department of education will be charged each participant. Any person 15 years of age or older not currently enrolled in elementary or secondary school and residing within the Bay St. Louis Municipal Separate School District is eligible for training in this program. Classes will be held after school hours.

Persons desiring further information concerning this program may call Robert Magee at 467-6611.

Mississippi no longer at bottom of the list

State legislative support for institutions of higher learning has helped to pull Mississippi from the bottom of the education list, according to Dr. John F. Nau, guest speaker at a January meeting of the Bay St. Louis Rotary Club.

Dr. Nau, professor of Philosophy at the University of Southern Mississippi, was representing the Inter-Alumni Council of Mississippi, which consists of alumni from a wide cross section of Mississippi colleges and universities.

Particularly strong support from the legislature in the past decade has helped to put the state in a better academic light in relation to surrounding states, Dr. Nau noted.

The state is no longer on the bottom of the list in every category as it has been in the past, he said, pointing out that Mississippi now tops Alabama

LB firemen elect officers

Danny Hansen was elected chief of the Long Beach volunteer fire department at the organization's monthly meeting.

Other officers are George Dowling, first assistant chief; Jack Hershberger, second assistant chief; Ed Havem, treasurer; Jim Lisany, secretary; and Carl Rhoads, captain.

In a continuing effort to upgrade volunteer training, the men participated in a lecture demonstration of the Scott air pack presented by regular firemen Ronald Rutledge and Kenny Hanley.

The volunteers encouraged persons interested in joining their organization to contact any of the members or regular firemen.

in state appropriations per student in public institutions and our average faculty salary scale is higher than that in West Virginia.

Mississippi is now getting into a competitive position with the rest of the states, he added, and educators are striving to continue a policy of quality education for the state's youth.

College trained men and women traditionally set the pace for economic and cultural advances of the state, he concluded.

BAY HOMEMAKERS MEET Bay St. Louis Homemakers Extension Club met January 17 in the home of Mrs. Cleveland Wyatt with Mrs. O. Duke as co-hostess.

Mrs. Duke, president who conducted the business session, told the group of plans for the proposed new Hancock County Fair building.

A new member, Mrs. Pauline Reid and Mrs. Dot Aubert, a guest, were introduced to the group.

It was noted Mrs. Sam Nighlazzo, outgoing president, was presented a gift at the Club's recent party in appreciation for her work during the past four years.

Mrs. Emile Manieri and Mrs. Nighlazzo were named hostesses for the February meeting.

Men rescued

(Continued from Page 1-A) direction of Fishing Smack Bay which they assumed were their lost companions, but a search of the area by Tanguis proved unsuccessful.

U.S.C.G. helicopter and Harrison County Sheriff Leroy Hobbs joined the search by air despite a heavy fog which still blanketed the area.

After continuing all night the men were found Friday morning by the Omeco III, piloted by Herbert Peterson.

All four of the ill fated fishing party were brought into Bayou Caddy Friday afternoon, safe and somewhat the wiser in the ways of fishing in the Mississippi Sound.

What Would You Like Know About Your City?

Members of the Bay St. Louis City Council have expressed a desire for local citizens to become better informed of the affairs of their community and the workings of their city government.

Questions concerning the tax structure or assessments, city operating costs, areas of income and disbursement of funds and any other of a reasonable nature will be answered by council members in a new series starting this week in the Echo.

In cooperation with the city council, the Echo will publish each week a questionnaire which can be clipped out and mailed or brought in person to City Hall. Questions submitted will be answered the following

week and as much information as possible on the subject will be supplied by whichever council member appropriate. While the council would prefer that the correspondent identify himself, names are not necessary and any question of a reasonable nature will be answered.

Readers are reminded that questionnaires must be submitted to City Hall, not the Echo.

QUESTION: Why does Waveland property have three different valuations for tax purposes?

ANSWER: In order to give a logical explanation to the above

question, the questioner must be aware of the fact that the assessment is not the true value of the property but a percent of true value, and the percent of value assessed against each property varies with each entity of government according to the need of each entity and the services demanded of the entity by the property owner—which in this case are Hancock County, Waveland and the City of Bay St. Louis.

I am happy to report, however, there is a move in the Legislature of Mississippi to equalize assessments in Mississippi.

Clarence M. Ladner, City Tax Collector.

Blue Jeans name chairmen

Mrs. Joseph Servat, Blue Jeans Garden Club president, appointed the following committee chairmen at the January 21 meeting held in the home of Mrs. H.W. Duke:

Mrs. Kirkland Rheams and Mrs. Robert Taconi, awards; Mrs. Frank Corcoran and Mrs. John Everard, entertainment and Mrs. A.M. Thomas, publicity.

Mrs. Frank Klein Jr. was named parliamentarian.

Because of mileage involved when selecting Garden of the Month winners, members voted to discontinue the monthly award until the fuel crisis is settled.

It was announced hostesses and co-hostesses will be responsible for the monthly programs.

Mrs. Duke displayed a Monstera Deliciosa-Philodendron, a tropical plant, and told of its origin and ways of cultivating it.

Judging of plants in the various divisions was conducted. First place winners were Mrs. K.T. Breland, horticulture; Mrs. J.C. Goodloe, cultivated and miniature; Mrs. Frank Corcoran, dried and Mrs. A.M. Thomas, potted.

Following the business session a social hour was held with Mrs. Frank Corcoran as co-hostess.

The next meeting was scheduled for February 18 at the home of Mrs. Goodloe with Mrs. Rheams as co-hostess.

FIRST BABY OF 1974, born at Crosby Memorial Hospital in Piquette is Matthew Allan Lee, above, son of Mr. and Mrs. Donald Lee of Bienville community. Young Matthew was born Jan. 2 and weighed eight pounds, two and a half ounces. His mother was the former Beverly Favre and maternal grandparents are Mr. and Mrs. Alvin James Favre of Bay St. Louis. Paternal grandparents are Mr. and Mrs. Ira Lee of Bienville.

OLG to instigate reading program

Our Lady of the Gulf P.T.O. met January 17 in the school cafeteria with Very Rev. Gregory Johnson, pastor Our Lady of the Gulf Catholic Church, offering the opening prayer and David Treutel, P.T.O. president, conducting the business session.

The Kindergarten class under the direction of Mrs. Donald Compretta, teacher, gave a demonstration on the Lippincott Reading program.

Members voted to allocate funds for the Lippincott Language of Arts program for the first, second and third grades and it was recommended by James Thriffley, chairman, and his committee, appointed to investigate the needs of the school, that the program be adopted for the

fourth, fifth and sixth grades. The matter will be discussed at the next meeting.

Mr. Treutel asked members for their cooperation in connection with the carnival ball. He noted proceeds from the event are used to help maintain operation of the school. Proceeds from the U.F.O. Bowl, Mr. Treutel added, were used to install a basketball goal in the school yard.

The attendance award went to the kindergarten class; the 50-50 to Mrs. Billy Maggio and the door prize to Mrs. Anthony Trapani.

Following the closing prayer by Rev. Daniel Gallagher, associate pastor Our Lady of the Gulf Church, a social hour was held with Mrs. Harold Heine and Mrs. Anthony Trapani as hostesses.

FOR WOMEN

Church Briefs

WAVELAND-UMYF
The Waveland U.M.Y.F. will meet at 6 p.m. Sunday, January 27, at Waveland United Methodist Church.

Anyone interested in joining the group is invited to attend or to contact Mrs. Maurice George at 467-7156.

Flower show awards given

Lakeshore Garden Club met January 17 at the home of Mrs. William Richardson, president, with Mrs. Frank Corcoran as co-hostess.

Mrs. Richardson appointed the following committee chairmen for the coming year: Mrs. H.W. Duke and Mrs. Irene Graft, awards; Mrs. A.M. Thomas, Mrs. John Everard and Mrs. Henry Kothmann, entertainment; Mesdames William Schaefer, Frank Peterson and Frank Klein Jr. were named board members.

Mrs. Richardson announced the annual Pilgrimage will be held in Bay-Waveland area March 20.

It was voted to discontinue the Garden of the Month award until further notice.

Entries in the various flower categories were judged and first place winners were, Mrs. H.W. Duke, dried, Mrs. J.C. Goodloe, cultivated; Mrs. Joseph Servat, potted; Mrs. Kirkland Rheams, miniature and Mrs. A.M. Thomas, horticulture.

The door prize went to Mrs. Lloyd Garcia.

SUNDAY SCHOOL
Waveland United Methodist Church will conduct Sunday School classes for all ages, including adults, every Sunday from 10 to 11 a.m.

LAYMEN'S DAY
First Baptist Church, 141 Main Street, will observe Laymen's Day Sunday, January 27.

Men of the Church will meet at the church at 8 a.m. for a Continental breakfast and prayer. Mr. Perry Gibson will deliver the 11 a.m. message and the choir will consist of men of the church. Leslie Moore will direct the group.

Tender Loving Care

X-Ray department announces the acquisition of two new lead aprons which will greatly benefit our X-Ray technicians.

Mrs. Ethel Ladner, R.N., will shortly be coming back to HGH in the capacity of Director of Nursing Service. She will be replacing Mrs. Denise MacDowell, R.N.

Nursing Service will be bidding farewell to Lynn Brown, R.N.

Junior Carver (maintenance) is recovering nicely from surgery and is expected back amongst the working in a few days.

Diamondhead Garden Club held a January meeting in the home of Mrs. George Sorensen. New members welcomed into the club by President Sorensen were Mmes. Ruth Logan, Florence Kibling, Mary Hawley and Shirley Robson. Others in attendance were Mmes. Joe Viguerie, Ethel Evans, Pat Shelton, and her guest Carol Borton, Malcolm Mundy, Dan Russell, John Lewko, Thomas Berry, A.L. Elmer, Mary Saucer, Paul Millan, Unice McMillan and her guest Desiree De St. Germain.

Mrs. Malcolm Mundy, past president of Gentilly Garden Club and a very active member in the club gave a presentation entitled "Beauty with Weed". All of Mrs. Mundy's material and stock were collected from Mississippi. She illustrated how to make a flower arrangement from nature's garden, and everything she used was edible. Lovely miniature pictures were made from dried foliage, and she spoke on learning to identify weeds that are edible. Plans for the Spring Pilgrimage are being finalized to be held March 20.

The Diamondhead Ladies Luncheon Club will meet Friday January 25 at the Country Club to hear guest speaker, Dr. Edward Currie of Gulfport discuss his hobby of sculpturing. Dr. Currie is also an accomplished artist and skin diver. He is the son of Presbyterian missionaries in China, where he received his early education. Make your reservations now by phoning

HNC to host remedial workshop

Hancock North-Central Elementary School is hosting a remedial workshop January 30 from 9 a.m. to 3 p.m. open to the public.

Frank A. Belgau, B.S., M. ED., formerly director of Perceptual Motor Therapy at the University of Houston College of Optometry, will be the speaker.

The workshop will be directed toward giving teachers, doctors and parents an understanding of the development of the basic processes that allow a child to learn effectively and efficiently. It will demonstrate that the child utilizes his total perceptual system, visual, auditory, kinesthetic and tactile, in learning.

The main emphasis will be how to recognize perceptual deficiencies and what to do to help a child either compensate for or overcome difficulties that hinder him in learning. The development of readiness programs for pre-school children to give them the opportunity to develop the skills that underpin efficient learning and happy living will also be discussed.

This workshop will present ideas, concepts and un-

derstanding, not "the one method." The ideas and activities presented are compatible with and will add to any good program.

Pre-registration for the workshop is not necessary, but to enable us to plan more effectively for lunch (50 cents charge) in our cafeteria, please call or write Mrs. Linda Penton or Miss Sherri Nell Spence (255-7191).

AUXILIARY PLANS TOLD The Clermont Harbor Volunteer Fire Dept. Ladies Auxiliary, held a monthly meeting at Ladner's Grocery with Irene Graff, president, presiding. Plans were discussed for the coming year's activities.

The first event planned is a play sponsored by the Clermont Volunteer Fire Dept. featuring the "Womanless Wedding" to be held April 19 and 20 at St. Ann's Parish Hall in Clermont Harbor.

Next meeting is scheduled for February 13 followed by a social. All members are urged to attend. Dues are payable for 1974 and can be paid to any member of the auxiliary.

Mr. and Mrs. Thomas Berry had as their guests her brother and family Mr. and Mrs. Ray Fulwiler of Albuquerque, New Mexico last weekend. A family reunion was held in Gulfport honoring the guests. Mrs. John Lewko has returned home after being hospitalized at Hancock General. On the sick list this week is Master Bruce Messick.

Malcolm Mundy of New Orleans enjoyed golfing at the club last Tuesday. Stop by the Pro Shop when you visit the Club, even if you do not intend to play. They have some good bargains and you can buy next year's golfing supplies at sale prices. They are working on a Senior's Tournament, a member-guest, and an amateur invitational, some of the events scheduled for 1974. Further details will be featured in this column.

Eighty-seven men played in the recent Pro-AM Tournament. Dick Parvino and Freddy Haas tied for first place, both had a 151 for two rounds. The Aubrey-Culley team was the winning team.

McKenna, S.J.A.-O.L.G. carnival ball general chairman, announced the appointment of the following committee chairmen: James Ryan, secretary-treasurer; Victor Frankiewicz, advertising; Edward Murtagh, tickets; Mrs. John McKenna, program and entertainment; William Argus Jr., decorating; Mrs. A.J. Thomas, publicity; Horatio Farve, lighting; George DiBenedetto, sound; Mrs. L.H. Ott, flower; John Rutherford, refreshments; Mrs. James Ryan, food; Ed Arceneaux, carnival liaison representative; Joseph Marochino, contestant selection and planning.

RUMMAGE SALE

A Rummage Sale is planned for Jan. 26 at Peck's Washateria on Highway 603 near Kiln. The Rummage Sale is sponsored by the planning committee of the Kiln division of the Senior Citizens Organization. Mrs. Louise Curet, who is coordinating the fund raising event, advises that the sale will be open all day at the washateria one mile north of the Kiln crossroad.

Christ Episcopal Schools start disability program

Christ Episcopal Day School and Coast Episcopal High School announce that they will offer instruction for students with specific reading problems beginning next month. Studies in the last ten years have shown that approximately 20 percent of students in every school have specific reading disabilities. Authorities stress that children with specific reading problems caused by perceptual difficulties are often children with above average intelligence, many times even of superior ability. These students are usually not failing but characterized by teachers and parents as "not doing the best they could."

Christ Episcopal Schools have conducted a complete testing program to determine children who do have specific reading disabilities and recommended to parents the particular program from which their child will benefit. Chief consultant to the program will be Mrs. H. Lee Jones, Jr., director of Pupil Personnel Services, Adams County Christian School in Natchez, Miss. Mrs. Jones and her staff set up the testing and will conduct the workshops and evaluation of the program.

Mrs. Jones is former director of the Perceptual Development Center in Natchez public schools. This program was named in 1969 as the most outstanding Title 3 specific education program in America. She also directed the Early Education Study, which

was selected by the U.S. Dept. of Health, Education and Welfare as one of the 34 most promising programs in 1970. She is a consultant to private and public school systems in Louisiana, Mississippi, Indiana, Ohio, Texas, Tennessee, North Carolina, Virginia, South Carolina and Kentucky. She presented a paper at the International Convention in Amsterdam in December 1973.

Workshop planned by Waveland club

Waveland Homemakers Extension Club met Tuesday, January 16, at the Agriculture Center with Mrs. Juliette Cook, president, presiding. Mrs. Joseph Daly gave the devotional and members joined in the pledge of allegiance.

Mrs. Cook reported on the recent council meeting and urged members to attend the February workshop on patchwork and applique quilts. Two new members, Mrs. F.E. Witter and Mrs. Charles Maunus, were welcomed by the group.

Mrs. Charles Shambley is the new treasurer and Mrs. Edward LeVasseur was named publicity chairman. The next meeting will be in the home of Mrs. Shambley. Mrs. Henry Stiller and Mrs. George Gaul hosted the social hour.

OLD NEWSPAPERS WELCOME

For many years the Brothers of St. Augustine's Seminary have collected old newspapers to sell for the benefit of the seminary. We are grateful to our long and faithful clients, and we welcome new ones. The newspapers can be deposited in the paper shed on Ruella next to our truck garage. If you cannot easily locate it, just ask any of the Fathers, Novices, Brothers or Students to direct you.

Due to an increasing amount of work at the seminary and the shortage of Brothers, it is no longer possible for us to come to your homes to pick up the paper.

Again we would like to take this opportunity to thank all our friends for their interest and help in the past, and at the same time we hope to make new ones who would like to bring their old newspapers to our paper shed on Ruella at the seminary.

RADAR IS IN OPERATION
 THROUGHOUT THE CITY
 WATCH YOUR SPEED!

THE DODGE BOYS ARE RIGHT ON TARGET

WITH A FREE AUTOMATIC TRANSMISSION.

Right now, when you buy either a Dart Swinger hardtop or Dart Custom four-door sedan optionally equipped with power steering, vinyl roof, AM radio, light package, whitewall tires, deluxe wheel covers, left remote-control mirror, deluxe bumper guards, three-speed wipers with electric washers, day/night inside mirror, deluxe insulation package, and special exterior moldings, your Dodge Dealer can offer you the automatic transmission free (because Dodge doesn't charge him for it). See the new '74 Dart Automatic Specials at the Dodge Boys' right away.

SEE THE GREAT SMALL CARS THAT MAKE UP THE "DART-DOZEN."

- **ECONOMY!**
Did you know that a Dodge Dart Sport can go farther on a gallon of gas than a Nova?
Gas mileage figures based on October 1973 Popular Science magazine. Tests performed by Popular Science for its report were conducted on '73 vehicles with figures adjusted by Popular Science for 1974 model changes and the results of E.P.A. tests.
- **ROOM FOR 5 OR 6.**
Our Swinger hardtops and Dart sedans have room for six. There's room for five in our Dart Sport coupe. (Yet, Dart Sport has more total hip-room than Maverick, more trunk space than three Pintos!)
- **ELECTRONIC IGNITION.**
This advanced system is standard on every 1974 Dodge Dart. It eliminates points and condenser (that can wear out or get wet). In addition, factory-recommended spark plug maintenance is up to 18,000 miles under normal driving conditions. (Another nice saving for you when you choose a new Dart.)
- **SMALL-CAR MANEUVERABILITY.**
If you've been driving a big car for years—you may be pleasantly surprised to find how many "more" parking spaces there are for a Dodge Dart at parking lots.

AUTHORIZED DEALERS

Just check around, wherever used Dodge Darts are sold. You'll see how our little cars hold their value.

DODGE DART... THE SMALL CAR WITH THE BIG FOLLOWING.

By L.S. (Doc) Elliott

Lets face the facts. The recent weather hasn't been fit for fishing. Over the weekend there was plenty rain. The waters most everywhere are bad. The mighty Pearl River has been at a high stage level and with high tides in the afternoons they bring bad water into most of the bayous which run into it.

Green trout fishing has been on the bad side with a few being caught when the tide is low in the mornings where good water can be found. The best water we have found for the past week or so was at the head of the canal at the Port and Harbor and Mulatto Bayou. Fishermen will have to wait until the weather really gets warmer. The few green trout being caught now are on underwater baits. The H & H baits and black gnats and spinners with pork rind.

On the hunting side most seasons are about over. The duck season came to an end Sunday with the goose season running through February 14th. Of course the quail season goes until Feb. 19th. But if the rains don't stop it will be hard for bird dogs to perform at their best. Local quail hunters are hoping things will improve.

Among some of our best quail hunters are Dick Mestayer and Willard Peterson plus Harry Roman, Louis Decell and Hoke Ogden, to mention a few. Haven't been doing too good up to now they said.

Rabbit hunting is still on. One can kill rabbits as long as other hunting seasons are open.

Snipe and woodcock seasons close Feb. 17th, also. While fishing we have noted snipe along the banks of bayous and Woodcock in marshy places. Both make for good hunting and eating.

The Mississippi Game and Fish Commission recently approved a regulation restricting the use of nylon trotlines by sport fishermen after July 1, 1974. Trotlines made of cotton twine may be used for the taking of fish for personal use from public waters. Holders of commercial fishing licenses will not be affected by the regulation.

Pops Seuzeneau, another of our old time sportsmen, has done it again. On January 10 he celebrated his 86th birthday. Pops is still hale and hearty.

Luke Elliott was down from Baton Rouge for the weekend. He and his dad with Ray Garner made a nice catch of green trout. They were caught mostly on underwater baits. Encountered a few showers during the day.

Looks bad for us fellows who like to fish Pearl River and tributaries. Monday's paper reported that the Pearl at Columbia, Miss. was above its flood stage. It was stated that more than three inches of rain in the last 24 hours ending Sunday pushed the Pearl there at 21.25 feet, more than four feet over its 17-foot flood stage. Pearl River has always been the favorite fishing place for fly fishing and casting hereabouts. Will be quite a while before the river gets back to normal and the water clears again.

Pearlington, the I-10 bridge, waist house and bayous near the mouth of the river won't be any good for fishing for a while.

According to most old timers the fishing in and around the river always improves after flooding. Seems like fish are brought

Cowand Bayous, Jourdan River, Rotten Bayou, Wolf River and bayous on the other side of the Bay. Real fishermen can always find a place to go fishing, if they are smart.

To prove that closed seasons on fish and game pays off it is amazing how many small alligators we see while fishing. Only Saturday we saw 3 small ones swimming just ahead of the boat. Looked like they wanted to play with the baits. Alligators do make

good pets if you like them. It is still unlawful to kill them.

In spite of the inclement weather early Sunday morning Alden Mauffray, as usual, caught some green trout. Said they were hitting pretty good.

Did you know that garbage cans should be picked up after being emptied, not left on the streets for days? Lets help keep our streets clean. Be a good sport.

According to Harlan Watkins red fish are still being caught out at Half Moon. Seems like red fish right now are being caught more than speckles most everywhere.

Red fish are one of our edible seafood. They can be baked, boiled or even fried when small and fried. Red fish can be caught by fishing with dead shrimp or trolling with artificial lures. The red fish

are considered a game fish. They are called Red Drum, Channel Bass. Sought by anglers who ask for nothing better than a war with this game fish. It takes a good line to hold them. Identified by a black spot or two on their tail.

Most sportsmen are waiting until after February when soft crabbing, floundering and frogging will be in order. These sports come later when warmer weather prevails.

RESIDENTS OF WAVELAND

The wife and family of Mayor Garfield Ladner would like to thank the people of Waveland for their long and dedicated support of him for these thirty-two (32) years and hope that these same wonderful Wavelanders would help and support Mr. John Longo for Mayor of the city of Waveland.

Signed Mrs. Lottie Ladner

North Central defeats Pass Hi

By EDWARD FAVRE

Friday night the Hancock North Central Hawks defeated the Pass High Pirates in basketball action at Pass Christian by the score of 91-69. In girls action the Pass High girls defeated the North Central Hawkettes 45-40. Hancock took a 20-14 first quarter lead and at the end of the second period they had increased the lead to 45-30. The third period was fairly

even as Hancock upped the lead at the end of three quarters to 63-47. In the fourth quarter, the Hawks outscored the Pirates 28-22 to make the final score 91-69. Guy Necaise led Hawk scorers with 23 points. High scorer for Pass High was Robin Malley with 27 points. In girls play, Connie Winstead led Pass High girls with 27 points. Lanette Randall led the Hawkettes with 16 points.

Bay Hi invitational tourney underway

By EDWARD FAVRE

The Annual Bay High Tiger Invitational Basketball Tournament got underway Wednesday night at 6 p.m. with a girls game and two boys' games scheduled. Play continues tonight with Bay High girls and Pass High girls who will play at 6 p.m.; followed by Bay High Tigers and Pass High Pirates at 7:15 p.m.; at 8:30 Harrison Central Red Rebels play St. Stanislaus Rock-A-Chew.

Friday night beginning at 5 p.m. there will be two games in girls semi-final play, with

Harrison Central Girls playing the winner of the Long Beach - Stone County Game followed by Hancock North Central girls playing the winners of Bay High girls and Pass High girls, 6:15 p.m. At 7:30 p.m. the first of two boys semi-final games will be played with the second semi-final game scheduled at 8:45 p.m. Finals are scheduled in girls play for 7 p.m. Saturday. Finals in boys bracket is scheduled for 8:30 p.m. Scores of Wednesday night games were not available at press time.

cock; Myjellous Mingo, Columbia; Cornell Harrison, Houston, Texas -- played only the first semester; Dwight Bond, Playune; Johnnie Necaise, Hancock; and Stan Tatum, Purvis; and second year head coach Billy Holmes. The Wildcats are presently 8-7 on the year.

Tigers ready claws for Pirates

By Dan Barber

The Bay High Tigers will try to regroup forces tonight when they meet the Pass Christian Pirates in the second round of the Bay High Invitational Tournament. The Tigers had a two game winning streak snapped Monday night when the Poplarville Hornets stung the Tigers for a 59-48 loss. Coach Mike Necaise and his Tigers will be going after their second win of the season over the Pirates. Bay High won the first tossup 71-63 despite the strong shooting from the field by the Pirates' senior forward L. Charlot who collected 21 points.

The Tigers' loss Monday night dropped their season record to 6-8. Bay High put the ball up 66 times but could only find the basket 20 times for a 33 percent shooting average. "We just couldn't buy a basket," Necaise said. "It wasn't anything that we didn't do except we couldn't score."

Allison Farve led the Tiger scoring with 19 points followed by Arnold Fairconnetue with 11. In the girls' game, Bay High won 53-45 behind the strong effort of Alice Lewis who had 26 points and Sandra Lyons who added another 14. Toni Byrd was high scorer for Poplarville with 28 points.

Tomcats, 75-65

ECHO SPORTS
The Stone County Tomcats relied on a balanced scoring attack Tuesday to upend the Hancock-North Central Hawks 75-65.

The Tomcats who were never headed fought off two attempts by the Hawks to get back into the game after leading 41-29 at the end of the first half. The Hawks never came closer than five points to the Tomcats who put on a fourth period scoring burst to cruise to the 10 point winning margin.

In double figures for the Tomcats was Luther Monroe with 20 points, Wendell Weathers and Peter Saia with 18 points each, and Alvin Howze with 10.

Roger Ladner was high point man for the Hawks with 19 points, followed by Wayne Cuevas with 16 and Ronnie Hoda with 10.

The loss left the Hawks record at 14-8 and extended Stone's record to 11-5. The two teams will play each other again in the Bay High Invitational tournament Jan. 23-26.

Gulfview rides conference crest

Gulfview Elementary section A boys continued their domination of the Gulf Coast Western Conference Monday night at Lakeshore with a 57-20 landslide over St. Paul School of Pass Christian.

The win along with a 40-34 effort over St. Rose last Friday night boosted Gulfview's record to 6-0.

Gulfview broke out of an early spell of lethargy in the first period with St. Paul with the score at 6-4 to rattle off a quick 18 points and establish a 22-6 lead and the pace of the rest of the game.

Gulfview easily broke the

man-to-man defense of the St. Paul team and dominated the boards throughout. Gulfview scored 22 points in the third period while holding St. Paul to only two. Brian Shivers led all scorers with 28 points for the night. He was followed by Russel Seavy with 16. The loss dropped St. Paul's record to 1-5.

In the second half of the split bill, the section A Gulfview girls beat St. Paul 18-2 in a battle to see who would climb out of the cellar. Gulfview scored 14 points in the first period before the game turned into a defensive standoff. Ann

James and Gina Garriga scored St. Paul's only two points on free throws. For Gulfview, Carol Finch and Ellen Smith each had three baskets for six points apiece followed by Tracy Garcia with four points and Charlene Luke with two.

Gulfview raised their record to 1-6 while St. Paul dropped to 0-5.

Annunciation School took two Section B games from St. Clare last Friday night at Kiln. The boys pulled away in the last period to win a 41-35 squeaker while the girls game ended 24-18.

Junior cattlemen take part in Dixie national

The All Mississippi 4-H and FFA Round-Up will open February 4 at the 9th Dixie National Livestock Show. Animals shown by the junior exhibitors are owned, fed and

shown by them without the help of an adult. Only junior exhibitors are allowed to compete in the competition. Co-managers of the young peoples event are Duane Tucker, representing 4-H and Tom Ellis representing Future Farmers of America.

Junior Round-Up activities at the Dixie National Livestock Show include Dairy Judging Contest, Sheep Show, Junior Dairy Show, Breeding Beef Show, Steer Show, Hog Show and will be concluded with the Sale of Junior Champions February 7.

The Dixie National Livestock Show is considered the largest show east of Denver and is expected to draw several hundred thousand visitors to Jackson for over \$100,000 in livestock competition premiums and Tommy Steiner's world championship rodeo.

The Tommy Steiner Rodeo February 8-14 will feature western stars Roy Rogers, Dale Evans and the Sons of the Pioneers.

Admission to the livestock and agricultural product exhibits, show and sales is free. Tickets for the Dixie

National Rodeo will be available at the Coliseum Box Office starting tomorrow or may be ordered from the Dixie National Livestock Show, Box 892, Jackson, Mississippi 39205.

Pony Club sponsors day long rally

A D rally-clinic was held Sunday at Diamondhead states, under the auspices of the Gold Coast Pony Club, a member of the United States Pony Club.

The event was a one day training and competitive function for under 13-year-olds who have earned a D rating in English riding and who belong to the Gulf Coast based pony club.

The clinic began with an inspection of each child and his mount by Mrs. Louise O'Kelley. After a warm up period for the horses, a dressage session was judged by Mrs. David Sandlin. Dressage is a series of controlled exercises on horseback performed in complete silence by the rider, the exercise very much like a mounted ballet.

John V. Dugan of Pass Christian gave and graded a written test on the various parts of a horse.

After lunch break the young riders entered a stadium jumping session also on a competitive basis, with Mrs. Allina Strickland judging.

Overall high point winner of the rally was Miss Lorraine Lackey, Long Beach. A good sportsmanship award was won by Julie Stroup, Biloxi.

In conjunction with the D riders event a modified version of the rally was conducted for unrated, or beginning riders, in the club. A tie resulted for first place in the event between Barbie Meyer, Keesler AFB, and Isabelle Hamori, New Orleans.

Assisting as judges aids and instructors were older C rated riders. Nell Barrentine, Coco Lafaye, Virginia and Jonathan Sandlin, all of Pass Christian, Marion Dent, New Orleans and Mary Schuengel, Bay St. Louis.

Mounted games and races

were held at the conclusion of the rally, with first place in unrated riders Egg and Spoon race won by Barbie Meyer and in D division by Cassie Haas. Lorraine Lackey won the gourmet horse quiz.

More than 100 adults and young riders attended the rally.

The Gold Coast Pony Club is open to all riders under 18 years who are interested in English riding. For further information, call Mrs. Sandlin at 452-2635. Tentative plans for pony clubbers include a camp out in February at De Soto National Park.

Bay Tigers split in cage action last week

By EDWARD FAYRE

The Bay High Tigers split in cage action last week, losing to Stone County 68-48, Tuesday night and defeating George County 58-51 Friday night.

Tuesday night, Stone High took an 18-8 first quarter lead and continued building their lead as the game progressed. At the end of the second period the Stone Tomcats had a 38-20 lead.

Stone outscored the Tigers 16-12 in the third period and had a 53-32 lead at the end of the quarter. Both teams scored 16 points in the fourth quarter and Stone went on to maintain their lead and win by a 68-48 score.

High scorer for Stone was Luther Monroe with 16 points. Allison Farve led Tigers scorers with 22 points.

Friday night the Tigers had a close battle with the George County Rebels at Tigerdome but came out on top 58-51.

George County girls defeated the Bay High Tigerettes 48-39.

The Tigers took a 16-14 first period lead and at the end of the second period the Tigers held a 32-29 lead.

The Tigers outscored the Rebels 12-10 and 14-12 in the third and fourth period and went on to post a 58-51 win.

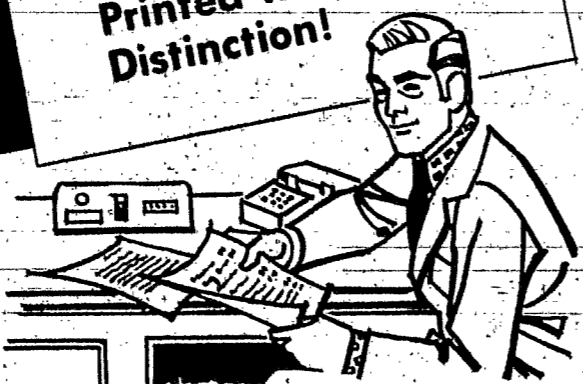

Three Tiger players scored in double figures led by Allison Farve with 18 points, followed by Arnold Fairconneture and Leslie Hinson with 16 and 14 points respectively.

F. Dinkey led the Rebel scorers with 13 points, with M. Polk and Dennis Sellers each adding 10 points.

In girls play Sharon Phillips scored 25 points while Edna Purvis added 15 points for George County. Alice Lewis led Tigerette scorers with 14 points.

After Friday night play the Tigers record was 6-9, while the Tigerettes stood at 7-8.

Our Tax Saver Checking Account can save you money at tax time.

A CHECK LIST:

Check the things our new Tax Saver Checking Account can do for you.

NUMERICAL TAX GUIDE.

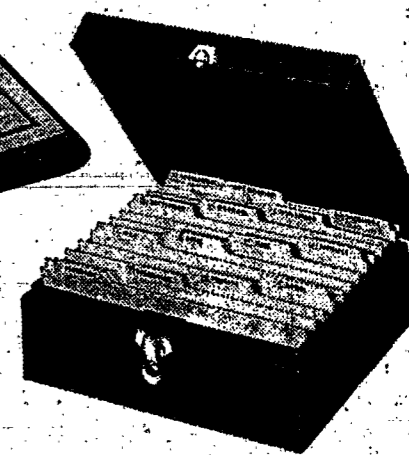

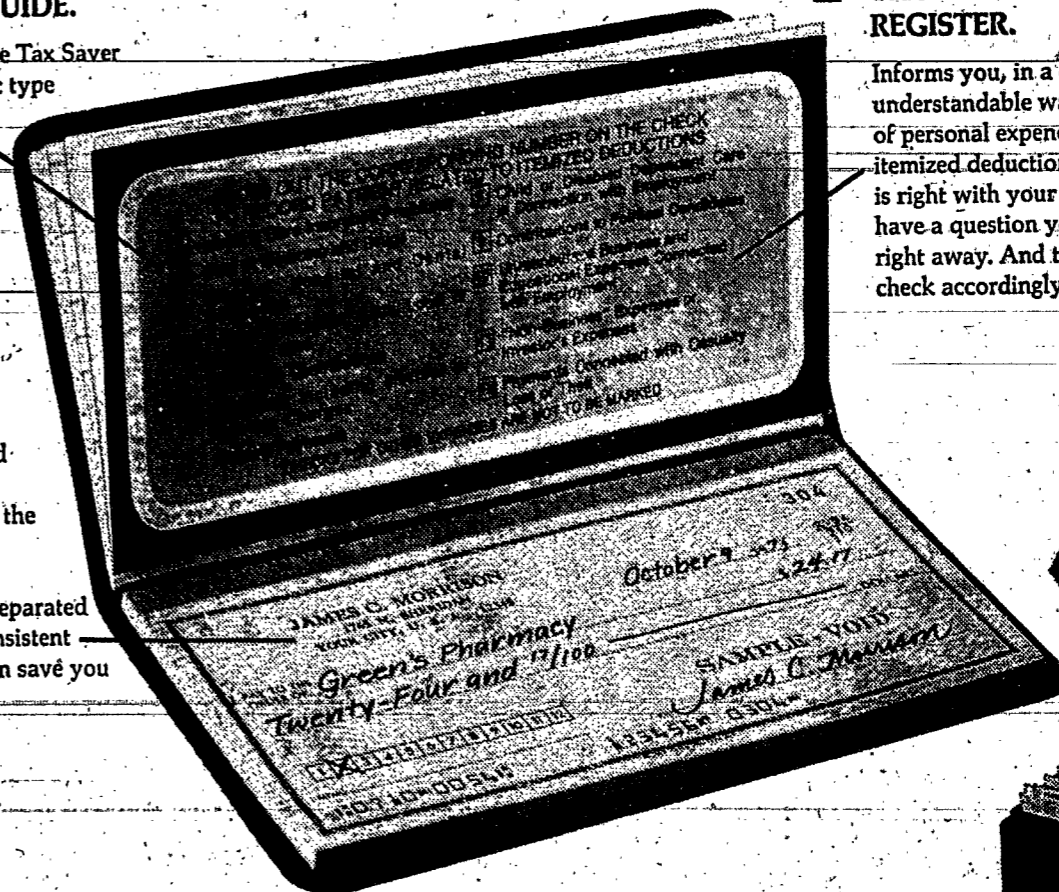

Tells you which box on the Tax Saver Check applies to a specific type of deduction.

THE TAX SAVER CHECK.

Lets you mark on the check any expense related to itemized deductions at the moment you write the check. (By selecting the appropriate box, your deductible items can be separated quickly by categories consistent with Form 1040.) This can save you money at tax time.

THE TAX SAVER CHECK REGISTER.

Informs you, in a concise, easily understandable way, of the various types of personal expenditures that qualify as itemized deductions. Because the register is right with your checks, any time you have a question you can find the answer right away. And then mark the check accordingly.

THE TAX SAVER CHECK ORGANIZER.

This special optional file box lets you separate your canceled checks related to itemized deductions into categories consistent with Form 1040. So at tax preparation time, you have all your checks separated and ready to go.

Hancock Bank is the only bank on the Mississippi Gulf Coast with Tax Saver Checking... and it costs no more than a regular checking account. No monthly service charge with a minimum balance of \$200.00 or more. Come in today. Open your Tax Saver Checking Account and start the new tax year with the checking account that can save you money at tax time.
